

Attention Behavioral Health, Personal Care and Waiver Providers:

As a result of the most recent bi-annual review of the state's mileage reimbursement rate, the Bureau for Medical services will reduce its reimbursement for procedure code A0160 (Nonemergency transportation: per mile – member transportation by caseworker or social worker) to 45 cents per mile effective for services rendered on or after Tuesday, January 20, 2009. In order to receive correct payment, Providers must bill for these services with appropriate rates and/or date spans.
