**SECTION TWO: PROJECT SPECIFICATIONS**

2.1 **Location:** Bureau is located at 350 Capitol Street – Room 251, Charleston, WV 25301.

2.2 **Background and Current Operating Environment:** The Bureau for Medical Services is a division within the Department of Health and Human Resources, located at 350 Capitol Street, Charleston, WV 25301. The Bureau is responsible for the development of policies and procedures for statewide implementation of the Medicaid program under the federally approved State Plan. The Bureau also interacts with other interdepartmental divisions as well as with all medical service practitioners, providers and provider organizations.

The West Virginia Medicaid program covers the Federal mandatory services and a number of optional services. Professional psychological participation and/or medical participation in the programmatic decisions and determinations for individuals with mental retardation, developmental disabilities and related conditions is a requirement for the receipt of Federal matching funds to Medicaid.

The Bureau for Medical Services is required by the Centers for Medicare and Medicaid Services (CMS) to determine medical eligibility for the ICF/MR, I/DD Waiver Program and CDCSP. In addition, CMS and the Bureau mandates a second level screening evaluation for Medicaid applicants who apply for a nursing level of care in a nursing home and who may have a co-occurring mental health or mental retardation/developmental disability condition.

The BMS Office of Home and Community-Based Services (HCBS) is charged with the responsibility of determining initial and annual medical eligibility for the I/DD Waiver Program and the CDCSP Program. The BMS Office of Facilities is charged with the responsibility of evaluating individuals who require a Pre-Admission Screening and Resident Review (PASRR) Level II evaluation in order to determine appropriate placement.

It is necessary to determine the need for an ICF/MR level of care for the I/DD Waiver Program and the CDCSP Program. Additionally, it is necessary to determine the need for CDCSP applicants or re-determinations for active participants on the program who require an ICF/MR, NF (ICF or nursing), an acute care hospital level of care. Level of care for admission to a nursing home requires a “PASSR Level II” evaluation for individuals with a physical/medical condition/related condition or a mental health condition.

The Bureau for Medical Services or the Bureau’s contractor is expected to receive approximately 1,550 initial I/DD Waiver certifications and approximately, 4,500 I/DD Waiver re-certifications annually. BMS receives approximately 200 CDCSP initial and re-certification reviews annually. For the I/DD Waiver, the State Medicaid Eligibility Policy requires the completion of the initial
medical evaluation within sixty (60) calendar days of application for Waiver services and a final determination by the Medical Eligibility Contracted Agent (MECA) within thirty (30) calendar days of receipt of the completed initial application (total ninety (90) calendar days). From the point of referral, PASRR Level II evaluations are required to be completed within seven (7) to nine (9) calendar days of referral. During fiscal year 2011, there were one-hundred and nineteen (119) State Fair Hearings requested when applicants were denied initial eligibility or re-certification over all, three (3) hearings requested for PASRR, eight (8) hearings for CDCSP, one (1) hearing for ICF/MR and one-hundred and seven (107) hearings for IDD Waiver.

The computer system, data collection, and system interface are key elements to the functionality of the eligibility process and quality improvement activities. In order to monitor quality, the eligibility system is dependent upon a routine collection of data and data systems that yield data reports and coordination with BMS contractors who conduct quality monitoring activities. Data reports lead to quality improvement activities. It is necessary to have a data system that collects specific, timely and accurate data, is accessible, and interfaces with other data systems (DHHR and/or DHHR contractors). Documentation, data and record storage must be maintained in compliance with Federal and State regulations. Records, data, or physical location must be accessible to Federal or State review and BMS (and other State contractors acting on behalf of the Bureau for Medical Services).

The Vendor must maintain complete, accurate, and legible records as outlined in Chapter 300 of the West Virginia Medicaid Policy Manual. Records must substantiate fully the type, scope, and medical necessity of the service by member record. Documentation shall include the member name, service description, date, and provider signature or other requirements as outlined in Medicaid policy located at [http://www.dhhr.wv.gov/bms/Pages/ProviderManuals.aspx](http://www.dhhr.wv.gov/bms/Pages/ProviderManuals.aspx). The member's file must be maintained for at least five (5) years after the last date of service. Any record that is under dispute or investigated must be maintained until the issue is resolved. Records must be readily accessible. The maintenance and electronic transmission of member records must be Health Insurance Portability and Accountability Act (HIPAA) compliant.

5.4.1 **Subcontracts/Joint Ventures:** The Vendor may, with the prior written consent of the DHHR, enter into subcontracts for performance of work under this contract.

5.4.2 **Indemnification:** The Vendor agrees to indemnify, defend, and hold harmless the DHHR and the Bureau, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the contract in a manner not authorized by the contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage laws.

5.4.3 **Governing Law:** This contract shall be governed by the laws of the State of West Virginia. The Vendor further agrees to comply with the Civil Rights Act of 1964 and all other applicable laws and regulations as provided by Federal, State, and local governments.

5.5. **Term of Contract and Renewals:** This contract will be effective upon award and shall extend for the period of one (1) year, at which time the contract may, upon mutual consent, be renewed. Such renewals are for a period of up to one (1) year, with a maximum of two (2) one-year renewals, or until such reasonable time thereafter as is necessary to obtain a new contract. The “reasonable time” period shall not exceed twelve (12) months. During the “reasonable time” period, Vendor may terminate the contract for any reason upon giving the Bureau ninety (90) days written notice. Notice by Vendor of intent to terminate will not relieve Vendor of the obligation to continue providing services pursuant to the terms of the contract.

5.6 **Non-Appropriation of Funds:** If funds are not appropriated for the Bureau in any succeeding fiscal year for the continued use of the services covered by this contract, the DHHR may terminate the contract at the end of the affected current fiscal period without further charge or penalty. The DHHR shall give the Vendor written notice of such non-appropriation of funds as soon as possible after the Bureau receives notice. No penalty shall accrue to the Bureau in the event this provision is exercised.

5.7 **Changes:** If changes to the contract become necessary, a formal contract change order will be negotiated by the DHHR, the Bureau and the Vendor.

As soon as possible, but not to surpass thirty (30) days after receipt of a written change request from the Bureau, the Vendor shall determine if there is an impact on price with the change requested and provide the Bureau a written Statement identifying any price impact on the contract. The Vendor shall provide a description of any price change associated with the implementation.
NO CHANGE SHALL BE IMPLEMENTED BY THE VENDOR UNTIL SUCH TIME AS THE VENDOR RECEIVES AN APPROVED WRITTEN CHANGE ORDER FROM THE DHHR OFFICE OF PURCHASING.

5.8 **Price Quotations:** The price(s) quoted in the Vendor’s quotation will not be subject to any increase and will be considered firm for the life of the contract unless specific provisions have been provided in the original specifications.

5.9 **Invoices and Progress Payments:** The Vendor shall submit invoices, in arrears, to the Bureau at the address on the face of the purchase order labeled “Invoice To.” Progress payments may be made at the option of the Bureau on the basis of percentage of work completed if so defined in the final contract.

5.10 **Liquidated Damages:** Vendor agrees that liquidated damages shall be imposed at the rate of $1,000.00 per day for failure to provide (deliverables, meet milestones identified to keep the project on target, or failure to meet specified deadlines). This clause shall in no way be considered exclusive and shall not limit the DHHR or Bureau’s right to pursue any other additional remedy which the DHHR or Bureau may have legal cause for action.

5.11 **Contract Termination:** The DHHR may terminate any contract resulting from this RFQ immediately at any time the Vendor fails to carry out its responsibilities or to make substantial progress under the terms of this RFQ and resulting contract. The DHHR shall provide the Vendor with advance notice of performance conditions which may endanger the contract’s continuation. If after such notice the Vendor fails to remedy the conditions within the established timeframe, the DHHR shall order the Vendor to cease and desist any and all work immediately. The DHHR shall be obligated only for services rendered and accepted prior to the date of the notice of termination.

The contract may be terminated by the DHHR with thirty (30) days prior notice.

5.12 **Special Terms and Conditions:**

5.12.1 **Bid and Performance Bonds:** Not Applicable.

5.12.2 **Insurance Requirements:** *(Provide liability insurance requirements. Insurance certificates are required prior to award, but are not required at the time of bid).*
- Public liability: Minimum of $500,000.00 per person, and $1,000,000.00 per occurrence.
- Property damage: Minimum of $1,000,000.00 per occurrence.
- Professional liability (medical, advertising, *et cetera*): Minimum of $1,000,000.00 per occurrence.

5.12.3 **License Requirement:** Workers’ Compensation, Contractor’s License, etc. *(List any specific licenses, or other special license requirements for your project, *et cetera.*)

5.12.4 **Protest Bond:** Any bidder that files a protest of an award shall at the time of filing the protest submit a protest bond in the amount equal to one percent of the lowest bid submitted or $5,000, whichever is greater.
The entire amount of the bond shall be forfeited if the hearing officer determines that the protest was filed for frivolous or improper purpose, including but not limited to the purpose of harassing, causing unnecessary delay, or needless expense for the Bureau. All protest bonds shall be made payable to the DHHR Office of Purchasing and shall be signed by the protester and the surety. In lieu of a bond, the protester may submit a cashier’s check or bank money order payable to the DHHR Office of Purchasing. The money will be held in trust in the State Treasurer’s office.

If it is determined that the protest has not been filed for frivolous or improper purpose, the bond shall be returned in its entirety.

5.13 **Record Retention (Access and Confidentiality):** Vendor shall comply with all applicable Federal and State rules, regulations, and requirements governing the maintenance of documentation to verify any cost of services or commodities rendered under this contract by the Vendor. The Vendor shall maintain such records a minimum of five (5) years and make such records available to Bureau personnel at the Vendor’s location during normal business hours upon written request by the Bureau within ten (10) days after receipt of the request.

Vendor shall have access to private and confidential data maintained by the Bureau to the extent required for the Vendor to carry out the duties and responsibilities defined in this contract. Vendor agrees to maintain confidentiality and security of the data made available and shall indemnify and hold harmless the DHHR and the Bureau against any and all claims brought by any party attributed to actions of breach of confidentiality by the Vendor, subcontractors, or individuals permitted access by the Vendor.

5.14 **HIPAA Compliance:** BMS contracts require that Vendors agree to become a business associate of BMS, and therefore the Vendor must have policies and procedures in place consistent with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) standards for privacy and security of protected health information (45 CFR Parts 160 and 164) and any other applicable Federal and/or State law relating to privacy or security of information. The West Virginia Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is hereby made part of the solicitation. http://www.dhhr.wv.gov/bms/ProcurementNotices/Documents/HIPAA%20BAA_20100802.pdf

*All-inclusive Hourly Rate for Additional Services and Ad hoc Reporting:
The Bureau and Vendor will jointly determine a 'not-to-exceed' number of hours, time frame, and staff for each Additional Service and/or Ad hoc report. The Vendor must agree to provide a Statement of Work and estimation of effort and receive Bureau approval of the actual 'not-to-exceed' hours, time frame, and staff prior to work beginning.

Notes:
1.) The Vendors Total Not to Exceed Cost will include all general and administrative staffing (secretarial, clerical, etc.), travel, supplies and other resource costs necessary to perform all services within the scope of this procurement.
2.) Estimated hours are to be used for cost bid evaluation purposes only.
3.) The cost bid will be evaluated on the Total Not to Exceed Cost of Contract for the three (3) year period.

4.) Vendor will not be eligible to invoice any operational or programmatic costs while invoicing for start-up costs. Programmatic costs identified in the cost bid sheet beginning with the label of Program: shall be pro-rated based on the remaining months in the contract period once the start-up period is concluded.

5.) Program services shall be invoiced based on a pro-rata share of the monthly periods included in the contract period, excluding all start up periods in which start-up costs are invoiced.
