## INFORMATION UPDATE

---

**TO:** WV Breast and Cervical Cancer Screening Providers

**FROM:** Charlene Hickman, Director  
WV Breast and Cervical Cancer Screening Program

**DATE:** June 27, 2022

**RE:** Information Update 2022-2023

**EFFECTIVE:** June 30, 2022

All forms and fee schedules have been updated and uploaded onto the BCCSP website: [http://www.wvdhhr.org/bccsp/pi\\_forms.asp](http://www.wvdhhr.org/bccsp/pi_forms.asp) These are the only forms that will be accepted for services provided beginning June 30, 2022. Incorrect, incomplete forms will be returned.

The program is now offering MRI services with prior authorization through Cabell-Huntington Hospital and Wheeling Hospital. Guidelines and authorization form are included in a separate Information Update.

The labs providing Cytology services are Mako Medical Laboratories, CAMC Lab Works and LabCorp – no other invoices for cytology will be honored.

The program will start holding "Let's Talk About It Tuesdays", a bimonthly dialogue where providers can interact with the director and/or the nurse supervisor on a variety of topics related to BCCSP. These dialogues will be held virtually on the third Tuesday of every other month from 12 to 1 pm EST beginning on July 19, 2022. A link will be forthcoming via the Listserv along with dates for subsequent dialogues. The information will also be posted on the BCCSP website. Anyone wishing to have a specific topic discussed should email both the director and the nurse supervisor at [charlene.m.hickman@wv.gov](mailto:charlene.m.hickman@wv.gov) and [cynthia.l.stricklen@wv.gov](mailto:cynthia.l.stricklen@wv.gov) respectively with "Let's Talk About It Tuesdays" in the subject line one week prior to the scheduled dialogue. This is not mandatory, and it will be informal, so feel free to jump on at any time. The first dialogue will cover the most recent Information Updates for the program. Information will be shared, and time will be allotted for Q&A. We hope you can join us!
