RE: New Mammography Codes

EFFECTIVE DATE: Immediately

There have been changes to mammography coding by the American Medical Association effective January 1, 2017.

- 1). CPT codes 77055, 77056 and 77057 have been deleted.
- 2). CPT codes 77065 (diagnostic mammography unilateral, including CAD), 77066 (diagnostic mammography bilateral, including CAD) and 77067 (screening mammography bilateral) have been added.

This does not change the reimbursement rates for Breast and Cervical Cancer Screening Program (BCCSP) funded mammograms. Reimbursement rates will be re-evaluated with the new grant year starting June 30, 2017.

Thank you for your continued support of the WV Breast and Cervical Cancer Screening Program. Please feel free to contact us at 304-558-5388 should you have any questions.
