## TANF/WV WORKS

Chapter 4, Section 4.2,H,3: A clarification was made about when to require verification of application for potential resources.

Questions should be directed to the Policy Unit in the Office of Family Support.

- Adhere to the Department's policies and procedures to establish eligibility, including those regarding timely action and/or decision.
- Assist the client in obtaining information required to establish his eligibility.
- Maintain the confidentiality of all information received from or about the client.

**EXCEPTION:** Written requests for information about Food Stamp recipients from federal, state or local law enforcement officers is provided when the officer provides verification that:

- The individual is fleeing to avoid prosecution, custody or confinement for a felony,
- The individual is violating parole or probation,
- The individual has information necessary for the officer to conduct an official duty related to either of the two statements immediately above.

The Worker provides only the individual's last known address and SSN and, if available, a photograph of any member of the individual's household. It is the responsibility of the CSM to review and approve for release all such requests.

- Notify the client of the eligibility decision as soon as possible, but at least within the processing time frames for each Program or coverage group.
- Ensure that copies of all pertinent information are placed in the client's case record or given to appropriate staff to file.
- Ensure that proper case recordings are made to document the Worker's actions and the reason for such actions.

#### E. CLIENT RESPONSIBILITY

The client's responsibility is to provide information about his circumstances so the Worker is able to make a correct decision about his eligibility. When the client is not able to provide required verification, the Worker must assist him. The client must be instructed that his

- Foster children are considered boarders. They may be included or excluded, depending upon the benefit group's wishes.
- Individuals furnished meals and lodging, but paying less than a reasonable amount. See item 3. These individuals are considered members of the same benefit group as the person who provides room and board.

c. Live-in Attendants

Individuals who reside with a benefit group to provide medical, housekeeping, child care or other similar personal services may be a separate benefit group. If the live-in attendant is a relative, other than a parent or child, who moved in with the benefit group to provide these services, the individual is considered a live-in attendant. If the relative lived in the home prior to the need for these services or would live with the benefit group whether or not the services were provided, the attendant is considered a member of the benefit group.

**NOTE:** If the live-in attendant is a parent or child of a member of the benefit group containing the individual who needs the personal service, the parent/child policy in item 1,c,(3) takes precedence over the live-in attendant policy.

d. Ineligible Aliens

Individuals who do not meet the citizenship or eligible alien status are ineligible to participate in the Program and may not be a separate benefit group. When a client indicates inability or unwillingness to provide documentation of alien status, that client is classified as an ineligible alien. Eligibility is determined for the remaining benefit group members. See Chapter 18.

e. Students

Persons who meet the Food Stamp definition of a student are ineligible to participate in the Program and may not be a separate benefit

Convicted of trafficking in Food Stamps involving \$500 or more.	Permanent
Convicted on or after 8/23/96 of any felony offense which involved possession, use or distribution of a controlled substance as defined by section 102(6) of the Controlled Substance Act.	Permanent

g. Unborn Children

The benefit group cannot receive Food Stamps for an unborn child.

h. Work Requirement Sanctioned Individuals

Persons against whom a sanction is imposed for failure to comply with work requirements found in Chapter 13 may not be separate benefit groups, even when living with others not affected by the sanction.

i. Others

Other individuals who share living quarters with the benefit group, but who do not customarily purchase and prepare food with them. These individuals may apply as a separate benefit group. However, the parent/child/parental control relationship described in item 1,c,(2) and (3) must be considered.

j. Able-Bodied Adults Without Dependents (ABAWD)

**NOTE:** All work requirements in Chapter 13 apply to ABAWD.

(1) Definition of ABAWD

An ABAWD is any individual age 18 or over and not yet 50 who is not included in the same benefit group with a child under age 18.

Berkeley	Kanawha	Wood (except
Hampshire	Monongalia	the City of
Hardy	Pendleton	Parkersburg)
Jefferson	Putnam	

All other counties are Non-Issuance Limited Counties (NILC).

(4) Determining The 36-Month Period

The first 36-month period is determined as follows:

- For all recipients who received a full month's benefits in December, 1996, regardless of the county or state of residence, the first 36-month period begins December, 1996 and ends November, 1999.
- For all individuals who meet the definition of an ABAWD who applied after December 1, 1996, regardless of the county or state of residence, the first 36-month period begins with the first month of receipt of full benefits.

Once the 36-month period begins, it remains fixed regardless of the ABAWD's status as a recipient or county or state of residence.

**EXAMPLE:** An ABAWD resides in an ILC and was receiving benefits on December 1, 1996. His 36-month period begins December 1, 1996 and ends November 30, 1999. During this period, he is eligible to receive benefits for 3 months without meeting the work requirement.

**EXAMPLE:** An ABAWD in an ILC applies and receives his first full month's benefits in March, 1997. His 36-month period begins March, 1997 and ends February, 2000. He meets the work requirement each month from March, 1997 through February, 1998. He does not meet the ABAWD work requirement in March and April, 1998, but does meet it in May and

- He works 80 hours in a 30-day period. This does not have to be the 30 days immediately preceding the date of application; or
  - He participates for a month in employment or training activities.
- (6) Eligibility For An Additional 3-Month Period While Not Meeting the Work Requirement or Being Exempt

When eligibility is regained by working 80 hours in a 30-day period, or by participating for a month in an employment or training program, the individual is eligible to receive FS for up to 3 consecutive months without meeting the work requirement or being exempt. This is the last time in the 36-month period that he can be eligible without meeting the work requirement. After this second 3-month limit expires, he may only become eligible again by complying with the work requirement, residing in an NILC, or becoming exempt as specified in item (7) below.

**EXAMPLE:** An ABAWD uses his 3 months of eligibility in May, June and July, 1997, without meeting the work requirement and his case is closed effective July. He completes 80 hours of work between August 10 and August 31. He reapplies September 1. If otherwise eligible, he can participate and has gained eligibility for the additional 3-month period while not meeting the work requirement or being exempt.

**EXAMPLE:** Same as above example except that he reapplies August 8 and will not complete 80 hours of work until September 9. His application is denied because he will not complete 80 hours of work in 30 days during the month of application.

**NOTE:** The last 2 exemptions qualify the individual to participate immediately, if otherwise eligible. Because this is an exemption, the individual is not required to complete any work hours to become eligible again.

**EXAMPLE:** An ABAWD residing in an ILC is a recipient of Food Stamps on December 1, 1996 with a redetermination due in March, 1997. At the March redetermination, it is determined the individual did not meet the ABAWD work requirement and was not exempt during December, January and February. His eligibility ends effective March, 1997.

**EXAMPLE:** An ABAWD receives his first full month's benefits in March, 1997. His 36-month period begins March, 1997. He is certified through May, when it is determined he did not meet the ABAWD work requirement for March, April and May, 1997. His eligibility ends effective May, 1997.

**EXAMPLE:** The same individual in the example above moves to an NILC and applies for Food Stamps in August, 1997. If otherwise eligible, he may receive for Food Stamps while he resides in the NILC or while the county remains an NILC.

**EXAMPLE:** An ABAWD receives Food Stamps in January and February, 1997 without meeting the work requirement. These are his first and second months of eligibility. He finds part-time employment of 20 hours per week in March. He is otherwise eligible and receives Food Stamps until October, 1997, when his job ends. He then receives Food Stamps in November, 1997, his third month of eligibility without meeting the work requirements. November, 1997 is his last month of eligibility.

**EXAMPLE:** The same individual in the example above has worked 80 hours

LIST OF ASSETS

Older Models: The client's statement of the value of the vehicle(s) is accepted unless it appears incorrect. In this situation the Worker requires that the client obtain one estimate. If the vehicle is listed as junk with the Department of Motor Vehicles, as indicated on the title of the vehicle, a sale value of \$25 is assigned to it, and that amount used as the value.

In determining the asset value of the vehicle(s), only the Fair Market Value is counted.

STEP 2: DETERMINING ASSET VALUE OF ALL VEHICLES NOT EXCLUDED

The Fair Market Value in all other vehicles is counted in its entirety.

End of WV WORKS Vehicle Policy

**NOTE:** The asset limits for the Food Stamp Program, as found in Section 11.3, apply.

5. Retroactive Payments

These monies are counted as an asset when retained into the month following the month of receipt. **EXCEPTION:** When SSA requires the establishment of a dedicated account for past-due, monthly SSI payments, the amount in the dedicated fund, is an excluded asset. This applies, when based on the amount, SSA is required to deposit the funds directly in the dedicated account and when funds are deposited there at the discretion of the representative payee. See Chapter 10 for treatment of disbursements from the dedicated account.

6. Low Profit From The Sale of An Asset

In addition to assets which may be considered inaccessible according to the provisions in item 3 above, an asset which meets one of the following criteria is considered inaccessible and is, therefore, excluded because it cannot be sold for a significant return.

- The asset has an expected sale price of less than one half of the benefit group's applicable asset limit; or
- The cost of selling the asset will likely result in a return of less than one half of the benefit group's applicable asset limit. The benefit group's ownership interest must also be considered when determining the potential return.

This applies to a single asset, not to a combination of assets.

**NOTE:** This provision does not apply to vehicles, stocks, bonds and negotiable financial instruments.

**NOTE:** An asset cannot be subdivided solely to obtain an exclusion as inaccessible.

7. Burial Funds

Burial funds are excluded for Food Stamp purposes, provided they are in an irrevocable trust. Otherwise, they are assets.

**16.2 RELATIONSHIP WITH THE CHILDREN WITH SPECIAL HEALTH CARE NEEDS PROGRAM (CSHCN)**

A child may be simultaneously eligible for and receiving services from the Medicaid Program and from the Children with Special Health Care Needs Program (CSHCN). The child may already be receiving CSHCN services when application is made for an OFS Program. In addition, at the time of application, and anytime thereafter, the Worker may determine that a child could benefit from CSHCN.

**A. NON-CSHCN RECIPIENTS WHO ARE APPLICANTS FOR OFS PROGRAMS**

Anytime a child's eligibility is being considered for any Office of Family Support Program and the Worker believes the child could benefit from services provided by the CSHCN, the Worker must refer the child to the CSHCN. Refer to the CSHCN Manual for covered medical conditions.

The referral is accomplished by completion of the following CSHCN forms:

- HC-10 - Handicapped Children's Application
- HC-11 - Eligibility Review

If the child is applying for Medicaid, a memorandum must be attached to the forms listed above indicating the status of the application. If the child is later approved for CSHCN services and Medicaid, the CSHCN must be advised by memorandum of any change in the status of the case and the reason for such change.

**B. OHC RECIPIENTS WHO ARE APPLICANTS FOR MEDICAID**

When a family applies for Medicaid and is already an active CSHCN case, the Worker must notify the CSHCN if the application is approved and must specify the eligibility dates. This is accomplished by memorandum and the Worker must indicate whether or not the child is eligible for Medicaid.

In addition, when the child is already an active CSHCN case, the Worker must notify the CSHCN by memorandum if the application is denied or withdrawn or the active Medicaid case is closed. The memorandum must indicate the reason for such action.

action is suspended, unless notification is received from the Claims Unit to resume collection. Refer to FTROP procedures for appropriate handling of claims processed through the FTROP offset.

4. Repayment of An Overpaid Claim

If the benefit group has both an overpayment and an underpayment, the amount of the underpayment is treated as a payment toward the overpayment.

When a refund must be made on an overpaid claim, the procedures below must be followed.

When all payments made on the claim were made in cash to the Financial Clerk, the Repayment Officer must notify the clerk in writing that an overpayment has occurred. The memorandum must include the client's name, address, ARTS number, claim number, assistance program, date(s) and dollar amount(s) of payments resulting in the overpayment.

The Financial Clerk then sends a memorandum to the Director, Accounts Receivable, Office of Financial Services with the additional information of date of deposit of the overpayment and deposit number.

The refund must be made by the method of payment which caused the claim to be paid whether it was recouped benefits, cash, Food Stamps or any combination of these methods paid to the Financial Clerk. Accounts Receivable notifies the Financial Clerk that the refund has been made.

**NOTE:** When benefits must be refunded on a closed TANF or WV WORKS case, the C-219 case must be pended and an AP-3 issued. WEKR transactions may be made on closed C-219 cases. A complete recording is required. Follow RAPIDS procedures for those cases.
