IMPORTANT NOTICE

Your Medicaid coverage as a Qualified Individual 2 (QI-2) recipient will stop December 31, 2002. The QI-2 benefit reimbursed you for a portion of your Medicare, Part B, premium. This action is being taken because the United States Congress specified that federal funding for the program ends December 31, 2002.

If you receive Food Stamps, the amount may change.

You may contact your local Health and Human Resources office to inquire about other Medicaid coverage groups for which you may qualify and about any possible change in Food Stamps you receive. If your income has decreased, you may qualify for another Qualified Medicare group and an application for that benefit can be mailed to you.

If you have other questions about the loss of your QI-2 benefit, contact your local Health and Human Resources office, or you may call the Office of Customer Services at 558-2400 or toll-free at 1-800-642-8589.
