This change revises the OFS-FS-10 which was changed effective April 1, 2002. The Case Number was omitted and a word was misspelled. These items were corrected and an additional line for the address was added. This revision is effective May 1, 2002. Any supplies of the OFS-FS-10, revised effective 4/02, must be destroyed as necessary information is missing. However, any supplies of the previous form, ES-FS-10, may still be used until supplies are exhausted.
