

### 10.3 CHART OF INCOME SOURCES

The following chart lists sources of income. The list is not all inclusive, so all other payments from any source must be evaluated. The sources are listed in the left column. The various programs are listed in the columns to the right.

The chart indicates if the source of income is counted and, if so, indicates if the income is earned, self-employment or unearned. If special conditions apply, there is a narrative in the appropriate program column.

**For income belonging to or for the benefit of a child, the source must be known and the chart of income sources consulted for how the income is treated.**

Any source of income may be received in a lump sum payment. For instructions on treatment of a lump sum payment, refer to the appropriate program section.

Income from Military Personnel while deployed to a designated combat zone may be made available to the AG in various ways. Specific sources are listed in this section. See the appropriate program section for the treatment of this income source.
