16.1 INTRODUCTION

The West Virginia Medicaid Program provides payment for covered medical services to certified medical providers for eligible individuals who are aged, blind or disabled and to eligible members of families with dependent children.

The determination of which medical services are covered under Medicaid and which medical providers are certified to accept Medicaid patients is the responsibility of the Bureau for Medical Services and is not addressed in this Manual. Unless otherwise specified, the coverage group receives all services covered under Medicaid.

For eligibility for nursing care services and HCB, **TBI and MR/DD** Waiver coverage groups, refer to Chapter 17.

This Chapter provides an overview of the Medicaid Program. In addition, each coverage group has specific requirements which must be met and procedures to follow that may not apply to other Income Maintenance programs or other Medicaid coverage groups. These are contained in this Chapter.

Certain programs, such as CDCS, MR/DD, **TBI** and HCB Waiver, require a medical and/or other determination by a community agency or government organization other than DFA and a financial determination by an Income Maintenance Worker. When an applicant's medical eligibility for, or enrollment in these programs is pending, he must not be refused the right to apply, but must be evaluated for any or all DFA programs.

NOTE: Children determined eligible for QC or PL Medicaid remain eligible for 12 continuous months, regardless of any changes after approval, except those specified in Section 2.8.

In addition to the coverage groups described in this Chapter which make up the Medicaid Program, the Department has special procedures in place to pay for certain necessary drugs for individuals not eligible for Medicaid. See Chapter 28.
