

b. Whose Medical Expenses Are Used

The medical bills of the following persons are used to meet the spenddown. There is no limit on the amount of one individual's bills which can be used to meet another individual's spenddown.

NOTE: The past medical bills of any of the individuals listed below which were incurred while the individual lived with an AG member(s) may be used for spenddown, even if the individual no longer **lives** with the AG member, is deceased or is divorced from the AG member.

- The aged, blind or disabled individual
- The spouse of the eligible individual who lives with him
- The children under age 18 of the eligible individual and spouse, when the children live in the home with them.

The AG member must be responsible for the bill at the time it was incurred and remain responsible for payment.

Because the individuals, whose medical expenses are used to meet a spenddown, may be in separate AG's, the same medical bill is used to meet the spenddown in each AG containing one of the persons identified above.

c. Allowable Spenddown Expenses

The following medical expenses, which are not subject to payment by a third party and for which the client will not be reimbursed, are used to reduce or eliminate the spenddown.

- A current payment on or the unpaid balance of an old bill incurred outside the current POC, is used as long as that portion of the bill was not used in a previous POC during which the client became eligible. No payment or part of a bill which is used to make a client eligible may be used again. Old unpaid bills, which are being collected by an agency other than the medical provider, may be used when the expense is still owed to the provider. If the expense has been written off by the provider, it is no longer considered the client's obligation, and is, therefore, not an allowable spenddown expense.
