

Individuals who have committed an Intentional Program Violation (IPV) are ineligible for a specified time, determined by the number of previous IPV disqualifications. See Chapter 20.

The Worker must determine if any member(s) of the applicant AG has been disqualified and the length of the disqualification period.

M. BEGINNING DATE OF ELIGIBILITY

The beginning date of eligibility is the date of application when all eligibility criteria are met within 30 days of the date of application or the date that a signed signature page from inROADS is received. Benefits for the initial month are prorated from the date of application, over the number of days remaining in the month. Initial month means the first month following any period of time in which the AG was not participating.

If the AG fails to provide the information requested on a DFA-6, verification checklist, an electronic signature or a signed signature page from inROADS, within the 30-day processing time limit, but provides it within 60 days of the original application date, the date of eligibility is the date the information was provided. See Application Forms in this section. This only applies at application. See Application/Redetermination Variations in this Section for redetermination time frames.

EXCEPTION: For migrant and seasonal farm workers, the initial month is the first month following any break in certification of more than 30 days.

If an AG applies in WV, but received SNAP benefits for the same month in another state, the beginning date of eligibility is the first day of the month following the last month of receipt from the other state.

N. REDETERMINATION SCHEDULE

The client's certification period must be the longest possible period, but must not exceed 24 months for AG's in which all adult members are elderly or disabled with no earned income or only excluded earned income or 6 months for all other AG's.

NOTE: Beginning July 1, 2013 when processing the CSLE/CSLR for a SNAP recertification, an interview is only required every 12 months.
