

Specific Medicaid Requirements

- Paternity cannot be established because the alleged father's identity is unknown
- The non-custodial parent's location is unknown and BCSE has been unsuccessful in locating the person after exhausting all efforts.
- The non-custodial parent is a citizen of, and lives in, a foreign country, does not work for the federal government or a company with headquarters or offices in the United States, and has no reachable domestic income or assets; and there is no reciprocity with the other country.
- The non-custodial parent cannot pay support for the duration of the child's minority and the person has no income or assets which can be levied or attached for support for one of the following reasons:
 - The non-custodial parent is incarcerated and there is no chance for parole for the duration of the child's minority; or
 - The non-custodial parent is receiving SSI and there is no income or assets to pay support and a doctor's statement or statement from SSA is provided to state that the non-custodial parent is permanently and totally disabled; or
 - The non-custodial parent has a medically verified permanent and total disability with no evidence of support potential.

When BCSE closes a case for one of the above stated reasons, the BCSE Legal Assistant enters the absence code PX. When this code is entered, information about the absent parent is no longer exchanged with OSCAR. The code cannot be changed by the Worker. The code is retained in eRAPIDS. If the Worker receives information about the absent parent which he believes is pertinent and which may require action by BCSE, he sends a DHS-1 to the Legal Assistant.
