

The redetermination may be submitted online by use of inROADS until the end of the month in which the redetermination is due. Redeterminations submitted online do not require a signed signature page and are considered electronically signed. This is because the client must enter specific identifying information outlined in the instruction letter. This identifying information includes the case number, redetermination due date and county which are included in the letter. The Social Security number of the person to whom the letter is addressed must be entered, but is not shown on the letter.

When the client is in the office to complete a redetermination for another program, the CEN child redetermination is completed at the same time. The redetermination is completed using the DFA-2, when required for the other Program.

When the redetermination is completed and the individual(s) remains eligible under another coverage group, the new eligibility period must begin the month immediately following the month of the redetermination.
