

NURSING FACILITY SERVICES

- A level of care in any institution, equivalent to that of nursing facility services.

The client may remain eligible for Medicaid, but only services not subject to a penalty are paid. This includes individuals in a nursing facility with income below 300% of the SSI level and who are otherwise Medicaid eligible. This does not apply to **AD** Waiver.

The penalty is applied as follows.

a. Start of the Penalty

The beginning date of each penalty period imposed for any uncompensated transfer of resources is the later of:

- The date on which the individual is eligible for and is receiving an institutional level of care services that would be covered by Medicaid if not for the imposition of the penalty period;

OR

- The first day of the month after the month in which assets were transferred and advance notice expires, when the individual receives Long Term Care Medicaid;

AND

- Which does not occur during any other period of ineligibility due to a transfer of resources penalty.

(1) Penalty for Transfers During the Look-Back Period

When resources have been transferred at singular or multiple periods during the look-back period, add together the value of all resources transferred, and divide by the average cost to a private-pay patient of nursing facility services. This produces a single penalty period which begins on the earliest date that would otherwise apply, if the transfer had been made in a single lump sum.

EXAMPLE: An individual enters the nursing facility and applies for Medicaid in July 2011. The individual transferred \$50,000 in April 2008. Based on the average

NURSING FACILITY SERVICES

There is no maximum or minimum number of months a penalty may be applied.

c. Who is Affected by the Penalty

The institutionalized client is affected by any transfer described above when he or his spouse or any entity acting on their behalf or at their direction transfers an asset.

When the three following conditions are met, any remaining penalty period is divided equally between the institutionalized person and spouse:

- The spouse transferred resources which resulted in ineligibility for the institutionalized client, and
- The spouse either is eligible for or applies for Medicaid and is, then, an institutionalized individual, and
- Some portion of the penalty against the original institutionalized spouse remains when the above conditions are met.

A recording in each affected case must specifically explain the division of the penalty period.

EXAMPLE 1: Mr. A enters a nursing care facility and applies for Medicaid. Mrs. A transfers a resource that results in a 36-month penalty against Mr. A. Twelve months into the penalty period, Mrs. A enters a nursing care facility and becomes eligible for Medicaid. The penalty period against Mr. A still has 24 months to run.

Because Mrs. A is now in a nursing care facility, and a portion of the original penalty period remains, the remaining 24 months of the penalty must be divided equally between Mr. and Mrs. A.

EXAMPLE 2: Mr. J is in a nursing facility and applies for Medicaid. Two months before his application he transferred resources to become eligible for Medicaid and a 10-month penalty begins. Two months into the penalty, Mrs. J refuses an inheritance left to both of them because she is afraid it will adversely affect his future eligibility for nursing care coverage. The next month, Mrs. J becomes eligible for **AD** waiver services. The Worker inquires
