Subject: Safety Protocol and Going Green
To:

Hello Everyone!

We posted our revised Safety Protocol today! Please remember, that we are still have COVID 19 impacting many people across the state - so it is important that you first check the county where you will be making a visit to know how the virus is spreading. You can do this by using the automatic link to the CDC that is in the first box of the Safety Protocol.

If there is High transmission - you must still wear a facemask on visits. Please read the full Safety Protocol for all policy. Here is the link (cut and paste):

http://www.wvdhhr.org/birth23/files/WVBTT_Home_Safety_Protocol.pdf

Also, we have several documents posted to help you through the process of getting ready to move to all electronic forms on June 1, 2022. Please take a look at all these resources - and keep this section of the website handy because we will be posting more documents there in the future. Cut and poste this link:
