Hello Folks,

We have two new updates to share. First, Covansys has increased the character limit in the Service Directory - there is now a 1500 character limit. So we hope that allows everyone to go into the Service Directory and list how you will be available to provide services after July 1, 2020. You can list for both E/A and Direct Service - either by Teleconference only, F-F only, or both Teleconference and F-F.

The second item is a link to the posted Family Prescreening questions document which you may use to record responses to questions before each F-F visit. You can cut and paste this link:

We have our final WV Birth to Three webinar this afternoon - so if you have not yet participated in a webinar, or would like to attend again, please check out registering at

We are finalizing our Q and A so if you have any questions, please send those to me at pam.s.roush@wv.gov so we can get them included.

Thank you!

Pam
