

***Come Grow with Us  
State Systems Improvement Plan  
Phase 3 Regional Meetings  
October and November, 2017***

**WV Birth to Three is now in Phase 3 of the State Systems Improvement Plan (SSIP) and committed to sharing information with stakeholders. State Implementation Teams have been working during the past year and we are excited about new changes coming this fall – including a new IFSP. Our Phase 3 regional meetings will provide an opportunity for updates ...and most importantly, an opportunity for conversation with local practitioners and service coordinators. These meetings are important, so we hope you will plan to join us at the site/date that is most convenient for you. Cities have been confirmed and exact locations will be announced later.**

<b>Date</b>	<b>Time</b>	<b>Area</b>	<b>Meeting Address</b>
