April is Autism Awareness Month, and West Virginia is joining the rest of the country in recognizing and celebrating the unique perspectives of those living with ASD.

It will be fun for the whole family! Come help us light the Clay Center up blue, and show our community the importance and value of inclusiveness. All are welcome!

Mountaineer Autism Project (MAP) is a nonprofit organization of parents of children with autism and professionals in the autism field. MAP's goal is to have one voice in West Virginia dedicated to early autism detection, diagnosis, and early intensive behavioral intervention.
