

## Technical Assistance Bulletin

**TO:** WV Birth to Three Practitioners and Service Coordinators  
WV Birth to Three Regional Administrative Units

**FROM:** Mel Woodcock, Policy Coordinator, WV Birth to Three  
Pam Roush, Director, WV Birth to Three

**DATE:** July 1, 2017

**ISSUE:** **Clarification of Service Procedures for Dually Enrolled Professionals**

The purpose of this Technical Assistance Bulletin is to clarify the provision of services when an early intervention professional is enrolled with WV Birth to Three under more than one discipline. In these situations, the professional can provide service as called for regarding a child, in only one discipline at a time. This is true for assessment and/or intervention services. For example, if an individual is enrolled as both a Nurse and a Developmental Specialist, and the child needs an evaluation/assessment by a Developmental Specialist and a Nurse, it must be determined which evaluation this professional would be providing. The professional would not be able to have authorizations to provide two different evaluations/assessments. The same is true for direct services on the Individualized Family Service Plan (IFSP). A professional will not have authorizations to provide two different services simultaneously.
