

# Family Centered Practice Training in the Kanawha Valley

This cross-systems training event is geared toward mental and behavioral health, juvenile justice, human service employees, as well as parents and family caregivers, health professionals, educators or anyone who works with children and families

**THIS FREE LEARNING OPPORTUNITY IS MADE POSSIBLE BY:**

### LEARNING OBJECTIVES

1. Participants will be able to explain what family centered practice means and identify practices that are and are not family-centered.
2. Participants will be able to explain the definition of "family" from a family-centered perspective, and identify the nine key elements of family-centered practice
3. Participants will be able to identify what systems changes need to occur within their communities and agencies to move toward a more family-centered approach to service delivery.

*CEU's requested for Social Work & Counseling*
