

## TRANSITION PROCEDURES FROM PART C TO PART B UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

(The procedures identified in this template are written to meet the minimum requirements for transition of children from Part C to Part B of the Individuals with Disabilities Education Act. Parties to the agreement are encouraged to modify the template by adding procedures to facilitate additional local information sharing needs. The transition procedures will be part of any larger interagency agreements developed between WV Birth to Three Regional Administrative Units and County School Districts, as supported by the West Virginia Department of Education and the West Virginia Department of Health and Human Resources/Office of Maternal, Child and Family Health.)

The following procedures are designed to support collaboration between the WV Birth to Three Region 2 Regional Administrative Unit and the Doddridge County School District in the provision of services to ensure that children and families experience a smooth transition from Part C early intervention to Part B preschool services under the Individuals with Disabilities Education Act (IDEA).

Under the state interagency agreement between WV Birth to Three and the WV Department of Education, all Part C eligible children will be considered potentially eligible for Part B services through the child's local County School District and entitled to receive transition steps and services as they near their third birthday. The purpose of this set of procedures is to ensure that families and representatives of all local participating agencies are knowledgeable of the respective requirements, roles and responsibilities for assuring smooth, seamless transitions for children and families as required under IDEA.

All children exiting WV Birth to Three will have a Transition Conference at least 90 days prior to their third birthday unless the family does not agree to such a meeting. IDEA addresses the required activities to be conducted during the transition conference, as well as various timelines and procedures for local Part C early intervention and Part B preschool special education.

Similar procedures shall be developed with other early childhood partners in order to implement components of the overarching interagency agreement at the local level and to ensure the smooth transition of ALL children exiting WV Birth to Three regardless of their age or eligibility under IDEA.

Child Notification will include the following information: child's name, address, and date of birth; parent/s name and address and contact information; and service coordinator's name, address and contact information.
