

## Cancer of the Prostate Incidence Rates\*

### By County, West Virginia Males 1998 – 2002

\* Five-year average annual rate per 100,000 West Virginia males, age-adjusted to the 2000 U.S. standard population.

<sup>a</sup> U.S. rate is 1997-2001 average annual age-adjusted rate and is from SEER (Ries et al., 2004).

Refer to Table 20.3 for individual county rates and measures of statistical significance.
