

COVERED MEDICAL CONDITIONS BY CATEGORY

The listing below coincides with Chapter III of the CSHCN Policy Manual. Each category lists both the conditions that are covered by the CSHCN Program and the conditions that are not covered by the Program.

Cardiac Services

Covered Conditions

- Anomalous pulmonary venous return
- Aortic atresia, stenosis
- Atrial defects: AV canal, endocardial cushion, ostium primum, ostium secundum, septal (ASD)
- Cardiac dysrhythmia
- Cardiomegaly
- Cardiomyopathy
- Coarctation of aorta
- Congenital heart block (complete or partial)
- Double outlet of right ventricle
- Ebstein's anomaly
- Endocarditis
- Endocardial fibroelastosis
- Hypertensive heart disease
- Hypoplastic left heart syndrome
- Kartagener's Syndrome
- Kawasaki's disease
- Lymphedema (Milroy Syndrome)
- Marfan's Syndrome
- Myocarditis
- Patent ductus arteriosus (PDA)
- Pectus carinatum/excavatum
- Pulmonary hypertension
- Q-T Syndrome
- Sick Sinus Syndrome
- Single ventricle
- Tachycardia, atrial or ventricular
- Tetralogy of Fallot
- Transposition of great vessels
- Valvular defects (congenital or acquired)
- Ventricular defects: hypertrophy, septal (VSD)
- Vena cava stenosis

Conditions Not Covered

- Active or acute rheumatic fever
- Innocent murmurs with no residual effects as documented by diagnostic testing

Dermatology

Covered Conditions

- Epidermolysis bullosa
- Ichthyosis

Conditions Not Covered

- Alopecia
- Eczema

Digestive

Covered Conditions

- Barrett's metaplasia
- Biliary atresia
- Cloaca
- Crohn's disease
- Diaphragmatic hernia
- Duodenal atresia
- Esophageal atresia/stricture
- Fistula (anal, recto-vaginal, tracheoesophageal)
- Gastroschisis
- Gastroesophageal reflux requiring Nissan surgery
- Hirschsprung's disease (megacolon)
- Imperforate anus
- Necrotizing enterocolitis
- Prune belly Syndrome
- Pyloric stenosis
- Short gut Syndrome
- Ulcerative Colitis
- Vater
- Whipple's Disease

Conditions Not Covered

- Viral gastritis
- Gastroesophageal reflux **not** requiring Nissan surgery
- Failure to thrive

Ear, Nose, and Throat Services

Covered Conditions

- Abscess of mastoid
- Absence of external ear
- Absence of nose
- Atresia ear(s)
- Bullous myringitis
- Cholesteatoma
- Cochlear otosclerosis
- Congenital anomalies of larynx, trachea, bronchus
- Congenital auditory anomalies/atresia
- Eustachian tube obstruction
- Eustachian salpingitis
- External ophthalmoplegia
- Labyrinth dysfunction
- Laryngeal stenosis/paralysis
- Mastoiditis
- Nasal Cavity polyp
- Ossicular defects
- Otosclerosis
- Perforations/adhesions of drum head
- Petrositis
- Sensori-neural hearing loss
- Tympanosclerosis

Conditions Not Covered

- Allergies
- Asthma
- Chronic serous otitis media
- Epistaxis
- External otitis
- Rhabdomyosarcoma, and other neoplasms
- Rhinitis
- Sinusitis

Endocrinology

Covered Conditions

- Addison's Disease
- Amino-acid metabolism disorders
- Annular pancreas
- Carnitine deficiency
- Cirrhosis of liver
- Congenital adrenal hyperplasia (CAH)
- Cushing's Disease (adrenogenital hyperplasia)
- Hurler syndrome
- Hypogonadism
- Hypo/hyper thyroid disease
- Panhypopituitarism
- Precocious puberty
- Polyposis
- Sanfilippo Syndrome (amino acid deficiency)

Conditions Not Covered

- Diabetes
- Growth hormone deficiency
- Pancreatic conditions
- PKU (covered by OMCFH, Metabolic Screening Program)

Eye Services

Covered Conditions

- Anophthalmus
- Aphakia
- Cataract
- Convergence insufficiency
- Corneal dystrophy
- Corneal ulcer
- Detached retina
- Divergence anomalies
- Duane's syndrome
- Epithelial corneal dystrophy
- Esophoria
- Esotrophia
- Exophoria
- Exotrophia
- Glaucoma (acquired or congenital)
- Lacarimal cyst/duct/obstruction/dycryostenosis
- Nystagmus
- Ophthalmoplegia, congenital
- Palsy of conjugate gaze
- Papilledema associated with hydrocephalus
- Paralytic strabismus
- Retinal detachment
- Retinal cysts
- Retinopathy of prematurity
- Retinoschisis
- Sclerocornea
- Sclerosing keratitis
- Strabismus
- Subluxation of lens
- Symblepharo
- Vogt's disease

Eye Services (con't.)

Conditions Not Covered

- Albinism
- Amblyopia
- Aniridia
- Blepharitis
- Chorioretinitis
- Choroiditis
- Coat's disease
- Conjunctivitis
- Cortical Blindness
- Dacryocystitis
- Endophthalmitis
- Esophoria glioma optic nerve
- Hypoplastic optic nerve
- Keratomalacia xerophthalmus
- Keratitis
- Megala cornea
- Optic atrophy
- Panophthalmitis
- Refractive errors
- Retinal dysplasia
- Retinitis pigmentosa
- Rhabdomyosarcoma
- Sty
- Trachoma

Genetic Services

Covered Conditions

- Cornelia De Lange's Syndrome
- Laurence-Moon-Biedl Syndrome
- Marfan's Syndrome
- McCune-Albright Syndrome (Albright-McCune)
- Menke's Disease
- Noonan's
- Prader-Willi's Syndrome
- Turner's Syndrome
- Williams Syndrome

Conditions Not Covered

- Chromosome 17 deficiency
- Monosomy 7
- Trisomy (13, 17, 18, 21)

Hematologic Disorders

Covered Conditions

- Angiokeratoma corporis diffusum
- Aplastic anemia
- Blackfan-Diamond
- Chronic granulomatous disease
- Cornelia De Lange's Syndrome
- Hypogammaglobulinemia
- Sickle Cell anemia
- Thrombocytopenia

Conditions Not Covered

- Anemia
- Hemophilia
- Leukemia
- Lymphoma

- Von Willebrand's Disease

Neurological/Neurosurgical Services

Covered Conditions

- Agenesis corpus callosum
- Amyotrophic lateral sclerosis, Lou Gehrig's
- Anencephalus
- Anoxic brain injury
- Anterior horn disease
- Arnold-Chiari Syndrome
- Batten's disease
- Brown's sheath syndrome
- Cerebellar hypoplasia
- Cerebral degeneration
- Cerebral palsy
- Charcot-Marie-Tooth Disease
- CNS complications of hypoxia/anoxia
- Cranial nerve disorders/palsy
- Dandy-Walker Syndrome
- Demyelinating disease CNS
- Diplegia, congenital
- Dystonia
- Encephalocele
- Encephalomyelopathy
- Epidermoid cyst
- Epilepsy
- Friedreich's ataxia
- Hydrocephalus (congenital acquired, obstructive, communicating)
- Hypertonia
- Hypotonia
- Leigh Syndrome
- Lowe Syndrome
- Moya-Moya disease
- Multiple Sclerosis
- Muscular Dystrophy; (Beckers, Duchenne, SMA)
- Meningocele
- Microcephaly
- Myotonic brain disorders
- Nemaline myopathy
- NeurodystrophyNeurofibromatosis (von Recklinghausen's; Neuropathy)
- Pinealocytoma
- Progressive bulbar palsy
- Rett Syndrome
- Roussy-Lévy Syndrome
- Schizecephaly
- Seizures/epilepsy (convulsive, grand mal, petit mal, absence)
- Silver-Russell Syndrome
- Spina bifida
- Spinocerebellar disease
- Transverse myelitis
- Tourette's syndrome
- Tuberous sclerosis
- Werdnig-Hoffman Disease

Conditions Not Covered

- ADHD, ADD
- Autism
- Behavioral health conditions
- Developmental delay
- Febrile seizure
- Pervasive developmental order
- Migraine
- Reactive attachment disorder
- Sensory integration disorder

Orthopedic Services

Covered Conditions

- Absence of limb: complete, partial, congenital, or acquired
- Absence of toe
- Accessory of scaphoid
- Agenesis tibia
- Agenesis of fibula
- Ankylosing spondylitis
- Anteversion of femur
- Arthrogyrosis
- Aseptic Necrosis
- Baker's cyst
- Brachial plexus
- Caval varus
- Cavus deformity of foot
- Cerebral palsy (hemiplegia, paraplegia, quadriplegia, Little's Disease)
- Cervical rib
- Charcot-Marie-Tooth
- Cleidocranial dysostosis
- Club foot or hand
- Congenital dislocations/bands
- Contractures
- Cubitus valgus/varus
- Dislocations congenital/chronic
- Epiphysiodesis
- Erb's palsy
- Exostosis (dyschondroplasia)
- Forefoot varus
- Fractures-one year post trauma (malunion and nonunion)
- Hand-Schüller-Christian Disease
- Hemivertebra
- Hypoplastic femur
- Hypophosphorous rickets
- Internal tibial torsion
- Juvenile rheumatoid arthritis
- Ehlers-Danlos Syndrome
- Genu recurvatum
- Genu valgus/varus
- Hammer toe
- Klippel-Feil Syndrome
- Klippel-Trenaunay-Weber Syndrome
- Krabbe's (leukodystrophy)
- Kyphosis
- Leg bowing
- Leg length discrepancy
- Legg-Perthes Disease
- Lordosis
- Lumbosacral ageneis
- Metatarsus adductus/varus
- Myasthenia gravis
- Myositis ossificans
- Osteogenesis imperfecta
- Osteochondrosis (Blount's Disease)
- Polydactyly
- Petrositis
- Scoliosis
- Shorting of limb
- Slipped capital femoral epiphysis
- Spondylolisthesis
- Still's Disease
- Subluxation
- Supernumary digits
- Syndactyly
- Tethered cord
- Tibial Torsion
- Torticollis

Plastic Surgery Services

Covered Conditions

- Apert's Disease (acrocephalosyndactyly)
- Cleft lip/palate
- Clinodactyly
- Craniosynostosis
- Crouzon's disease
- Glottic webbing
- Goldenhar's Syndrome
- Hemangioma
- Keratoderma
- Keratosis
- Lymphangioma
- Mandibular hypoplasia
- Nevus (strawberry, pilosis, basal cell, Osler-Weber-Rendu Syndrome)
- Pierre-Robin Syndrome
- Port wine stain
- Scarring (Hypertrophic contractures, keloids)
- Skin grafts
- Treacher-Collin's Syndrome
- Vascular hematoma

Conditions Not Covered

- Acute care of burns or open wounds
- Breast augmentation or reduction
- Care of first degree or minor second degree burns
- Plastic surgery for cosmetic purposes

Pulmonary

Covered Conditions

- Bronchiectasis
- Bronchopulmonary dysplasia
- Congenital central hypoventilation syndrome
- Cystic Fibrosis
- Emphysema (congenital)

Conditions Not Covered

- Asthma
- Epistaxis
- RSV
- Reactive airway disease

Urology/Nephrology Services

Covered Conditions

- Absence of bladder, kidney, ureter, urethra
- Accessory of bladder, kidney, ureter
- Alport's Syndrome
- Ambiguous Genitalia
- Anal/rectovaginal fistula
- Anorchism
- Atonic bladder
- Batters Syndrome
- Barter's Syndrome
- Bladder neck obstruction
- Chronic glomerulonephritis (Bright's Disease)
- Chronic hydronephrosis/ hydronephritis
- Chronic UTI with reflux
- Chronic nephritis
- Cortical necrosis
- Cystinosis
- End stage renal disease/chronic renal failure
- Epispadias
- Exstrophy of bladder
- Female genitalia anomalies
- Fistula, anal/rectovaginal
- Hydrocele
- Hydroureter
- Hypertensive renal disease
- Hypoplastic kidneys
- Hypospadias
- Meatal stenosis
- Medullary cystic disease
- Megacystitis
- Neurogenic bladder
- Omphalocele
- Polycystic kidney
- Renal agenesis
- Renal artery atherosclerosis
- Renal dysplasia
- Renal hypertension due to vascular disorder
- Undescended testis
- Urea cycle metabolism
- Vaginal agenesis

Conditions Requiring Medical Consultant's Approval

- Diffuse mesangial sclerosis
cystinuria
- Hemolytic uremic syndrome
- Hypercalcemia
- Hyperkalemia
- Nephrosis
- Nephrogenic diabetes insipidus
- Nephrotic syndrome with focal glomerulosclerosis

Conditions Not Covered

- Acute or recurrent/persistent urinary tract infection without reflux
- Enuresis
- Hematuria/Proteinuria
- Nephrotuberculosis
- Wilm's tumor

COVERED MEDICAL CONDITIONS BY CATEGORY

The listing below coincides with Chapter IV of the CSHCN Policy Manual. Each category lists both the conditions that are covered by the CSHCN Program and the conditions that are not covered by the Program.

Cardiac Services

Covered Conditions

- Anomalous pulmonary venous return
- Aortic atresia, stenosis
- Atrial defects: AV canal, endocardial cushion, ostium primum, ostium secundum, septal (ASD)
- Cardiac dysrhythmia
- Cardiomegaly
- Cardiomyopathy
- Coarctation of aorta
- Congenital heart block (complete or partial)
- Double outlet of right ventricle
- Ebstein's anomaly
- Endocarditis
- Endocardial fibroelastosis
- Hypertensive heart disease
- Hypoplastic left heart syndrome
- Kartagener's Syndrome
- Kawasaki's disease
- Lymphedema (Milroy Syndrome)
- Marfan's Syndrome
- Myocarditis
- Patent ductus arteriosus (PDA)
- Pectus carinatum/excavatum
- Pulmonary hypertension
- Q-T Syndrome
- Sick Sinus Syndrome
- Single ventricle
- Tachycardia, atrial or ventral
- Tetralogy of Fallot
- Transposition of great vessels
- Truncus arteriosus
- Valvular defects (congenital or acquired)
- Ventricular defects: hypertrophy, septal (VSD)
- Vena cava stenosis

Conditions Not Covered

- Active or acute rheumatic fever
- Innocent murmurs with no residual affects as documented by diagnostic testing

Dermatology

Covered Conditions

- Epidermolysis bullosa
- Ichthyosis

Conditions Not Covered

- Alopecia
- Eczema

Digestive

Covered Conditions

- Barrett's metaplasia
- Biliary atresia
- Cloaca
- Crohn's disease
- Diaphragmatic hernia
- Duodenal atresia
- Esophageal atresia/stricture
- Fistula (anal, recto-vaginal, tracheoesophageal)
- Gardner's Syndrome
- Gastroschisis
- Gastroesophageal reflux requiring Nissan surgery
- Hirschsprung's disease (megacolon)
- Imperforate anus
- Necrotizing enterocolitis
- Prune belly Syndrome
- Pyloric stenosis
- Short gut Syndrome
- Ulcerative Colitis
- Vater
- Whipple's Disease

Conditions Not Covered

- Viral gastritis
- Gastroesophageal reflux **not** requiring Nissan surgery
- Failure to thrive

Ear, Nose, and Throat Services

Covered Conditions

- Abscess of mastoid
- Absence of external ear
- Absence of nose
- Atresia ear(s)
- Bullous myringitis
- Cholesteatoma
- Cochlear otosclerosis
- Congenital anomalies of larynx, trachea, bronchus
- Congenital auditory anomalies/atresia
- Eustachian tube obstruction
- Eustachian salpingitis
- External ophthalmoplegia
- Labyrinth dysfunction
- Laryngeal stenosis/paralysis
- Mastoiditis
- Nasal Cavity polyp
- Ossicular defects
- Otosclerosis
- Perforations/adhesions of drum head
- Petrositis
- Sensori-neural hearing loss
- Tympanosclerosis

Conditions Not Covered

- Allergies
- Asthma
- Chronic serous otitis media
- Epistaxis
- External otitis
- Rhabdomyosarcoma, and other neoplasms
- Rhinitis
- Sinusitis

Endocrinology

Covered Conditions

- Addison's Disease
- Aldehyde deficiency
- Amino-acid metabolism disorders
- Annular pancreas
- Carnitine deficiency
- Cirrhosis of liver
- Citrullinemia (ornithine deficiency)
- Congenital adrenal hyperplasia (CAH)
- Cushing's Disease (adrenogenital hyperplasia)
- Hurler syndrome
- Hypogonadism
- Hypo/hyper thyroid disease
- Methylmalonic acid deficiency
- Panhypopituitarism
- Precocious puberty
- Polyposis
- Sanfilippo Syndrome (amino acid deficiency)

Conditions Not Covered

- Diabetes
- Growth hormone deficiency
- Pancreatic conditions
- PKU (covered by OMCFH, Metabolic Screening Program)

Eye Services

Covered Conditions

- Amblyopia
- Anophthalmus
- Aphakia
- Cataract
- Convergence insufficiency
- Corneal dystrophy
- Corneal ulcer
- Detached retina
- Divergence anomalies
- Duane's syndrome
- Epithelial corneal dystrophy
- Esophoria
- Esotrophia
- Exophoria
- Exotropia
- Glaucoma (acquired or congenital)
- Keratoglobus
- Lacrimal cyst/duct/obstruction/dacryostenosis
- Micropsia
- Nystagmus
- Ophthalmoplegia, congenital
- Palsy of conjugate gaze
- Papilledema associated with hydrocephalus
- Paralytic strabismus
- Retinal detachment
- Retinal cysts
- Retinopathy of prematurity
- Retinoschisis
- Rieger's anomaly
- Sclerocornea
- Sclerosing keratitis
- Strabismus
- Subluxation of lens
- Symblepharo
- Vogt's disease

Eye Services (con't.)

Conditions Not Covered

- Albinism
- Anidria
- Blepharitis
- Chorioretinitis
- Choroiditis
- Coat's disease
- Conjunctivitis
- Cortical Blindness
- Dacryocystitis
- Endophthalmitis
- Esophoria glioma optic nerve
- Hypoplastic optic nerve
- Keratomalacia xerophthalmus
- Keratitis
- Megla cornea
- Optic atrophy
- Panophthalmitis
- Refractive errors
- Retinal dysplasia
- Retinitis pigmentosa
- Rhabdomyosarcoma
- Sty
- Trachoma

Genetic Services

Covered Conditions

- Cornelia De Lange's Syndrome
- Iga immunodeficiency
- Laurence-Moon-Biedl Syndrome
- Marfan's Syndrome
- McCune-Albright Syndrome (Albright-McCune)
- Menke's Disease
- Noonan's
- Prader-Willi's Syndrome
- Turner's Syndrome
- Williams Syndrome

Conditions Not Covered

- Chromosome 17 deficiency
- Monosomy 7
- Trisomy (13, 17, 18, 21)

Hematologic Disorders

Covered Conditions

- Agammaglobulinemia (Bruton's disease)
- Angiokeratoma corporis diffusum
- Aplastic anemia
- Blackfan-Diamond
- Chronic granulomatic disease
- Cornelia De Lange's Syndrome
- Fanconi's Disease
- Hypogammaglobulinemia
- Sickle Cell anemia
- Thrombocytopenia

Conditions Not Covered

- Anemia
- Hemophilia
- Leukemia
- Lymphoma
- Von Willebrand's Disease

Neurological/Neurosurgical Services

Covered Conditions

- Agenesis corpus callosum
- Amyotrophic lateral sclerosis, Lou Gehrig's
- Anencephalus
- Anoxic brain injury
- Anomalies of skull
- Anterior horn disease
- Arnold-Chiari Syndrome
- Arteriovenous Malformation of the brain
- Batten's disease
- Brown's sheath syndrome
- Cerebellar hypoplasia
- Cerebral degeneration
- Cerebral palsy
- Charcot-Marie-Tooth Disease
- CNS complications of hypoxia/anoxia
- Cranial nerve disorders/palsy
- Dandy-Walker Syndrome
- Demyelinating disease CNS
- Diplegia, congenital
- Dystonia
- Encephalocele
- Encephalomyelopathy
- Epidermoid cyst
- Epilepsy
- Friedreich's ataxia
- Hydrocephalus (congenital acquired, obstructive, communicating)
- Hypertonia
- Hypotonia
- Leigh Syndrome
- Lowe Syndrome
- Moya-Moya disease
- Multiple Sclerosis
- Muscular Dystrophy; (Beckers, Duchenne, SMA)
- Meningocele
- Microcephaly
- Myotonic brain disorders
- Nemaline myopathy
- NeurodystrophyNeurofibromatosis (von Recklinghausen's; Neuropathy)
- Paralysis/paresis (congenital, acquired)
- Pinealocytoma
- Progressive bulbar palsy
- Rett Syndrome
- Roussy-Lévy Syndrome
- Schizecephaly
- Seizures/epilepsy (convulsive, grand mal, petit mal, absence)
- Silver-Russell Syndrome
- Spina bifida
- Spinocerebellar disease
- Transverse myelitis
- Tourette's syndrome
- Trigonocephaly
- Tuberous sclerosis
- Werdnig-Hoffman Disease

Conditions Not Covered

- ADHD, ADD
- Autism
- Behavioral health conditions
- Developmental delay
- Febrile seizures
- Pervasive developmental disorder
- Migraine
- Reactive attachment disorder
- Sensory integration disorder

Orthopedic Services

Covered Conditions

- Absence of limb: complete, partial, congenital, or acquired
- Absence of toe
- Accessory of scaphoid
- Achondroplasia
- Adrenomyeloneuropathy
- Agenesis tibia
- Agenesis of fibula
- Ankylosing spondylitis
- Anteversion of femur
- Atachnodactyly
- Arthrogyrosis
- Aseptic Necrosis
- Baker's cyst
- Brachial plexus
- Camptodactyly
- Caval varus
- Cavus deformity of foot
- Cerebral palsy (hemiplegia, paraplegia, quadriplegia, Little's Disease)
- Cervical rib
- Charcot-Marie-Tooth
- Cleidocranial dysostosis
- Club foot or hand
- Congenital dislocations/bands
- Contractures
- Cubitus valgus/varus
- Dislocations congenital/chronic
- Engleman's Disease
- Epiphysiodesis
- Erb's palsy
- Exostosis (dyschondroplasia)
- Forefoot varus
- Fractures-one year post trauma (malunion and nonunion)
- Ehlers-Danlos Syndrome
- Hand-Schüller-Christian Disease
- Hemivertebra
- Hypoplastic femur
- Hypophosphorous rickets
- Internal tibial torsion
- Juvenile rheumatoid arthritis
- Genu recurvatum
- Genu valgus/varus
- Hammer toe
- Klippel-Feil Syndrome
- Klippel-Trenaunay-Weber Syndrome
- Krabbe's (leukodystrophy)
- Kyphosis
- Leg bowling
- Leg length discrepancy
- Legg-Perthes Disease
- Lordosis
- Lumbosacral ageneis
- Marie-Strümpell Disease
- Metatarsus adductus/varus
- Moya-Moya Syndrome
- Myasthenia gravis
- Myelomeningocele
- Myositis ossificans
- Osteogenesis imperfecta
- Osteochondrosis (Blount's Disease)
- Polydactyly
- Petrositis
- Sagittal synostosis
- Schaumann's Syndrome
- Scoliosis
- Shorting of limb
- Slipped capital femoral epiphysis
- Spondylolisthesis
- Still's Disease
- Subluxation
- Supernumary digits
- Syndactyly
- Tethered cord
- Tenosynovitis
- Tibial Torsion
- Torticollis

Plastic Surgery Services

Covered Conditions

- Apert's Disease (acrocephalosyndactylia)
- Cleft lip/palate
- Clinodactyly
- Craniosynostosis
- Crouzon's disease
- Glottic webbing
- Goldenhar's Syndrome
- Hemangioma
- Keratoderma
- Keratosis
- Lymphangioma
- Mandibular hypoplasia
- Macrotia
- Nevus (strawberry, pilosis, basal cell, Osler-Weber-Rendu Syndrome)
- Pierre-Robin Syndrome
- Port wine stain
- Scarring (Hypertrophic contractures, keloids)
- Skin grafts
- Sturge-Weber Syndrome
- Syndactyly
- Treacher-Collin's Syndrome
- Vascular hematoma
- Weber-Rendu Syndrome/disease

Conditions Not Covered

- Acute care of burns or open wounds
- Breast augmentation or reduction
- Care of first degree or minor second degree burns
- Plastic surgery for cosmetic purposes

Pulmonary

Covered Conditions

- Bronchiectasis
- Bronchopulmonary dysplasia
- Congenital central hypoventilation syndrome
- Cystic Fibrosis
- Emphysema (congenital)

Conditions Not Covered

- Asthma
- Epistaxis
- RSV
- Reactive airway disease

Urology/Nephrology Services

Covered Conditions

- Absence of bladder, kidney, ureter, urethra
- Accessory of bladder, kidney, ureter
- Alport's Syndrome
- Ambiguous Genitalia
- Anal/rectovaginal fistula
- Anorchism
- Atonic bladder
- Batters Syndrome
- Barter's Syndrome
- Bladder neck obstruction
- Chronic glomerulonephritis (Bright's Disease)
- Chronic hydronehrosis/hydronephritis
- Chronic UTI with reflux
- Chronic nephritis
- Cortical necrosis
- Cystinosis
- Defects of bladder valves
- End stage renal disease/chronic renal failure
- Epispadias
- Exstrophy of bladder
- Fanconi's Syndrome
- Female genitalia anomalies
- Fistula, anal/rectovaginal
- Hydrocele
- Hydroureter
- Hypertensive renal disease
- Hypoplastic kidneys
- Hypospadias
- Meatal stenosis
- Medullary cystic disease
- Megacystitis
- Neurogenic bladder
- Obstructive neuropathy
- Omphalocele
- Polycystic kidney
- Renal agenesis
- Renal artery atherosclerosis
- Renal dysplasia
- Renal hypertension due to vascular disorder
- Undescended testis
- Urea cycle metabolism
- Vaginal agenesis
- Vesico-ureteralreflex

Conditions Requiring Medical Consultant's Approval

- Diffuse mesangial sclerosis cystinuria
- Hemolytic uremic syndrome
- Hypercalcemia
- Hyperkalemia
- Nephrosis
- Nephrogenic diabetes insipidus
- Nephrotic syndrome with focal glomerulosclerosis

Conditions Not Covered

- Acute or recurrent/persistent urinary tract infection without reflux
- Enuresis
- Hematuria/Proteinuria
- Nephrotuberculosis
- Wilm's tumor
