

State of West Virginia
DEPARTMENT OF HEALTH AND HUMAN RESOURCES
Office of Inspector General
Board of Review
9083 Middletown Mall
White Hall, WV 26554

Earl Ray Tomblin
Governor

Michael J. Lewis, M.D., Ph.D.
Cabinet Secretary

April 20, 2012

Dear -----:

Attached is a copy of the Findings of Fact and Conclusions of Law for your hearing held on April 12, 2012. Your appeal was based on the Department of Health and Human Resources' proposal to terminate your benefits through the Medicaid Long-Term Care (Nursing Facility) Program.

In arriving at a decision, the State Hearing Officer is governed by the Public Welfare Laws of West Virginia and the rules and regulations established by the Department of Health and Human Resources. These same laws and regulations are used in all cases to assure that all persons are treated alike.

Eligibility for Medicaid, Long Term Care (Nursing Facility) Services is based on current policy and regulations and requires eligible individuals to meet both medical and financial criteria. To qualify medically for the nursing facility Medicaid benefit, an individual must need direct nursing care twenty-four (24) hours a day, seven (7) days a week. The Bureau has designated a tool known as the Pre-Admission Screening form (PAS) to be utilized for physician certification of the medical needs of individuals applying for the Medicaid benefit. An individual must have a minimum of five (5) deficits identified on the PAS in order to qualify for the Medicaid nursing facility benefit.

Information submitted at the hearing demonstrates that your medical condition requires a sufficient number of services and the degree of care necessary to qualify for Medicaid payment of nursing facility care.

It is the decision of the State Hearing Officer to **reverse** the Department's proposal to terminate your benefits through the Medicaid Long-Term Care Program.

Sincerely,

Thomas E. Arnett
State Hearing Officer
Member, State Board of Review

Pc: Erika H. Young, Chairman, Board of Review
Kelley Johnson, LTC Program Manager, BMS

**WEST VIRGINIA DEPARTMENT OF HEALTH & HUMAN RESOURCES
BOARD OF REVIEW**

---- ----,

Claimant,

v.

Action Number: 12-BOR-754

**WEST VIRGINIA DEPARTMENT OF
HEALTH AND HUMAN SERVICES,**

Respondent.

DECISION OF STATE HEARING OFFICER

I. INTRODUCTION:

This is a report of the State Hearing Officer resulting from a fair hearing for ---- ----. This hearing was held in accordance with the provisions found in the Common Chapters Manual, Chapter 700 of the West Virginia Department of Health and Human Resources. This fair hearing was convened on April 12, 2012 on a timely appeal filed February 13, 2012.

II. PROGRAM PURPOSE:

The program entitled Long Term Care Medicaid (nursing facility services) is a medical service which is covered by the State's Medicaid Program. Payment for care is made to nursing homes which meet Title XIX (Medicaid) standards for the care provided to eligible recipients. In order to qualify for Nursing Home Care, an individual must meet financial and medical eligibility criteria.

III. PARTICIPANTS:

---- ----, Claimant

██████████ LSW, ██████████ Nursing Facility

Kelley Johnson, Long-Term Care Program Manager, Bureau for Medical Services (BMS)

Jenny Craft, RN, West Virginia Medical Institute (WVMI)

Presiding at the hearing was Thomas E. Arnett, State Hearing Officer and a member of the State Board of Review.

IV. QUESTION TO BE DECIDED:

The question to be decided is whether or not the Department is correct in its proposal to terminate the Claimant's Medicaid Long-Term Care Program benefits.

V. APPLICABLE POLICY:

West Virginia Medicaid Manual, Chapter 500, Section 514

VI. LISTING OF DOCUMENTARY EVIDENCE ADMITTED:

Department's Exhibits:

- D-1 WV Medicaid Manual, Chapter 500, Section 514 (pages 1-3)
- D-2 Pre-Admission Screening (PAS) form - dated 2/7/12 (pages 4-8)
- D-3 Notice of Denial Determination from WVMI - dated 2/8/12 (page 9)
- D-4 Supporting Documentation (pages 10-55)

VII. FINDINGS OF FACT:

- 1) On February 7, 2012, a Pre-Admission Screening (PAS) form (Exhibit D-2) was completed by the Claimant's physician and forwarded to West Virginia Medical Institute, hereinafter WVMI, by [REDACTED] Nursing and Rehabilitation Center [REDACTED]. This form is used by the Department of Health and Human Resources, hereinafter Department, to evaluate the Claimant's medical eligibility for participation in the Medicaid Long-Term Care (Nursing Facility) Program.
- 2) On or about February 8, 2012, the Claimant was notified that his request for Medicaid Long-Term Care benefits was denied (D-3). This notice states, in pertinent part:

An evaluation of your current limitations related to your medical condition(s) was conducted based on the information submitted to West Virginia Medical Institute (WVMI) on the Pre-Screen Admission Screening (PAS) form. It has been determined you are ineligible for long-term care (nursing home) **admission based upon WV Medicaid criteria.**

REASON FOR DECISION: Eligibility for long-term care placement being funded by West Virginia Medicaid requires that you have at least five (5) areas of care needs (deficits) that meet the severity criteria. Documentation does not reflect that you have 5 deficits at the level required; thus your request for long-term care (nursing home) is being denied. The PAS (Pre-Admission Screening Form), reflected deficiencies that meet the severity criteria in three (3) areas identified below – Bathing, Walking and Administering Medications.

- 3) The Department's Bureau for Medical Services (BMS), represented by Kelley Johnson, cited Medicaid regulations and called its witness (Jenny Craft, RN) from WVMI to explain how Medicaid policy was applied to the medical findings documented on the Claimant's February 7, 2012 PAS (Exhibit D-2). As a matter of record, the Department stipulated that the PAS submitted for review confirms the Claimant is demonstrating three (3) functional deficits (Bathing, Walking and Medication Administration), however, five (5) functional deficits must be identified in order to establish medical eligibility.

- 4) The Claimant contended that he remains medically eligible to participate in the Medicaid Long-Term Care Program as he is also demonstrating functional deficits in grooming and dressing. The following will address the contested areas:

Dressing - The Claimant contends that he should have been awarded a deficit in dressing, as he requires hands-on physical assistance (Level 2 or higher). The Claimant testified that he is unable to put on his pants, socks or shoes without assistance due to range of motion limitations resulting from both hips being replaced. A review of the MDS (Minimum Data Set) documentation completed by [REDACTED] (Exhibit D-4, page 21) on December 13, 2011, reveals that the Claimant was rated a “2” (Section G) in dressing - indicating that he receives/requires one-person physical assistance. Whereas the Claimant’s testimony is supported by corroborating clinical documentation, the Claimant is demonstrating a functional deficit in dressing.

Grooming – The Claimant noted that he is able to complete most tasks related to grooming, but that he is unable to cut his toenails due to his limited range of motion caused by hip replacement. Exhibit D-4, page 21, was again cited and section “J” indicates that the Claimant was rated a “2” by [REDACTED] as he requires one-person physical assistance with grooming. Whereas the clinical documentation confirms the testimony provided by the Claimant, a deficit in grooming is established.

- 5) WV DHHR Medicaid, Long Term Care Policy §514.8, states as follows:

The Department has established a process of evaluation to determine eligibility for long term care services under the Medicaid Program. The evaluation is made on each recipient from information supplied by a physician, recipient or family/representative, health care facility and/or eligibility worker in the local Department of Health and Human Resources office. This determination for the Medicaid benefit for nursing facility residents is based on both medical and financial criteria. The Bureau for Medical Services or its designee is responsible for the medical necessity determination and the Bureau of Children and Families is responsible for the financial determination.

The determination must occur prior to payment for services. The date the benefit starts is the later of one of the following dates:

- The date of application in the local DHHR office;
- The date of the physician signature on the medical assessment tool; or the date of admission to the nursing facility.

The local office is responsible for notifying the individual/representative, the Bureau and the nursing facility of the date Medicaid eligibility begins.

514.8.1 APPLICATION PROCEDURE

An application for nursing facility benefits may be requested by the resident, the family/representative, the physician, or a health care facility. The steps involved in approval for payment of nursing facility services are:

- The application for NF services is made to the local DHHR office. The determination of financial eligibility for Medicaid is the responsibility of the local office; and
- The medical eligibility determination is the responsibility of the Bureau for Medical Services based on a physician's assessment of the medical and physical needs of the individual. This assessment must have a physician signature dated not more than sixty days prior to the start of services.

514.8.2 MEDICAL ELIGIBILITY

To qualify medically for the nursing facility Medicaid benefit, an individual must need direct nursing care twenty-four (24) hours a day, seven (7) days a week. The Bureau has designated a tool known as the Pre-Admission Screening form (PAS) to be utilized for physician certification of the medical needs of individuals applying for the Medicaid benefit. See Attachment. An individual must have a minimum of five (5) deficits identified on the PAS in order to qualify for the Medicaid nursing facility benefit. These deficits may be any of the following:

- #24: Decubitus - Stage 3 or 4
- #25: In the event of an emergency, the individual is c) mentally unable or d) physically unable to vacate a building. a) and b) are not considered deficits.
- #26: Functional abilities of individual in the home.
 - Eating - Level 2 or higher (physical assistance to get nourishment, not preparation)
 - Bathing - Level 2 or higher (physical assistance or more)
 - Grooming - Level 2 or higher (physical assistance or more)
 - Dressing - Level 2 or higher (physical assistance or more)
 - Continence - Level 3 or higher (must be incontinent)
 - Orientation - Level 3 or higher (totally disoriented, comatose)
 - Transfer - Level 3 or higher (one person or two persons assist in the home)
 - Walking - Level 3 or higher (one person assist in the home)
 - Wheeling - Level 3 or higher (must be Level 3 or 4 on walking in the home to use Level 3 or 4 for wheeling in the home.) Do not count outside the home.
- #27: Individual has skilled needs in one or more of these areas - (g) suctioning, (h) tracheostomy, (i) ventilator, (k) parenteral fluids, (l) sterile dressings, or (m) irrigations.

- #28: Individual is not capable of administering his/her own medications.

The assessment tool designated by the Bureau for Medical Services must be completed and signed and dated by a physician. It is then forwarded to the Bureau or its designee for medical necessity review. The assessment tool must be completed and reviewed for every individual residing in a nursing facility no matter what the payment source for services.

Each nursing facility must have an original pre-admission screening tool to qualify the individual for Medicaid and to meet the federal PASRR requirements. Should the receiving nursing facility fail to obtain an approved assessment prior to admission of a Medicaid eligible individual, the Medicaid program cannot pay for services. The individual cannot be charged for the cost of care during the non-covered period.

A Medicaid recipient who converts from Medicare Part A coverage to Medicaid does not need a new assessment to receive the Medicaid benefit. Medicaid coverage can be reinstated as long as a Medicaid denial letter has been issued.

A new medical assessment must be done for Medicaid eligibility for the nursing facility resident for all of the following situations:

- Application for the Medicaid nursing facility benefit;
- Transfer from one nursing facility to another;
- Previous resident returning from any setting other than an acute care hospital;
- Resident transferred to an acute care hospital, then to a distinct skilled nursing unit, and then returns to the original nursing facility; and
- Resident converts from private pay to Medicaid.

VIII. CONCLUSIONS OF LAW:

- 1) To qualify medically for the Medicaid Long-Term Care Program, policy specifies that an individual must require direct nursing care twenty-four (24) hours a day, seven (7) days a week. A tool known as the Pre-Admission Screening form (PAS) is utilized for physician certification of the medical needs required by individuals applying for the Medicaid benefit. An individual must have a minimum of five (5) qualifying deficits on the PAS in order to qualify medically. These deficits are derived from a combination of assessment elements on the PAS completed by the evaluating physician.
- 2) The February 7, 2012 PAS indicates that the Claimant was demonstrating three (3) program qualifying functional deficits – Bathing, Walking and Administering Medications.
- 3) Evidence submitted at the hearing identifies two (2) additional program qualifying functional deficits - Dressing and Grooming.
- 4) Whereas the Claimant is demonstrating five (5) qualifying functional deficits, medical eligibility for participation in the Medicaid Long-Term Care Program is established.

IX. DECISION:

It is the decision of the State Hearing Officer to **reverse** the Department's proposal to terminate the Claimant's Medicaid Long-Term Care (nursing facility) benefits based on the medical eligibility criteria.
