Martha Yeager Walker
Secretary

Dear Ms. _____

Attached is a copy of the findings of fact and conclusions of law on your hearing convened May 11, 2006. Your hearing request was based on the Department of Health and Human Resources' proposal to discontinue your benefits/services under the Medicaid, Aged/Disabled Title XIX (Home & Community Based) Waiver Program.

In arriving at a decision, the State Hearing Officer is governed by the Public Welfare Laws of West Virginia and the rules and regulations established by the Department of Health and Human Resources. These same laws and regulations are used in all cases to assure that all persons are treated alike.

Medicaid, Aged/Disabled (HCB) Title XIX Waiver is granted to those individuals who continue to meet all eligibility requirements. Eligible individuals are those who qualify medically for a nursing facility level of care but have chosen the waiver program as a means to remain in their home. In order to medically qualify for Aged/Disabled Waiver services an individual must have a total of five (5) qualifying deficits in specific categories of nursing services. [Aged/Disabled (HCB) Services Manual §570- 570.1b].

The information submitted at your hearing established that while your condition has not improved, because of eligibility criteria implemented by the agency November 1, 2005, you no longer qualify medically for participation in the waiver program. Evidence fails to establish 5 qualifying deficits based on the agency's most recent policy.

Based on evidence presented and current policy, the State Hearing Examiner must **uphold** the proposal of the agency to discontinue your benefits under the Aged/Disabled Title XIX (HCB) Waiver Program as set forth in the January 9, 2006 notification

Sincerely,

Ron Anglin
State Hearing Examiner

**West Virginia Department of Health and Human Resources,
Respondent.**

SUMMARY AND DECISION OF THE STATE HEARING OFFICER

I. INTRODUCTION:

This is a report of the State Hearing Officer resulting from a fair hearing concluded on August 14, 2006 for _____. This hearing was held in accordance with the provisions found in the Common Chapters Manual, Chapter 700 of the West Virginia Department of Health and Human Resources. This fair hearing was convened on May 11, 2006 on a timely appeal requested January 18, 2006.

II. PROGRAM PURPOSE:

The Program entitled Medicaid Title XIX Waiver (HCB) is set up cooperatively between the Federal and State governments and administered by the West Virginia Department of Health & Human Resources.

Under Section 2176 of the Omnibus Budget Reconciliation Act of 1981, states were allowed to request a waiver from the Health Care Financing Administration (HCFA) so that they could use Medicaid (Title XIX) funds for home and community-based services. The program's target population is individuals who would otherwise be placed in an intermediate or skilled nursing facility (if not for the waiver services).

Services offered under the Waiver Program will include: (1) chore, (2) homemaker and (3) case management services. West Virginia has been offering the Waiver Services Program since July, 1982 to those financially eligible individuals who have been determined to need ICF level care but who have chosen the Waiver Program Services as opposed to being institutionalized.

III. PARTICIPANTS:

_____, claimant

_____, claimant's niece

██████████, Homemaker Aide
██████████, RN, Barbour Senior Center

Brian Holstine, LSW, Bureau of Senior Services (by phone)

██████████, RN, West Virginia Medical Institute (by phone)

Presiding at the hearing was Ron Anglin, State Hearing Examiner and a member of the State Board of Review.

IV. QUESTION TO BE DECIDED:

The question to be decided is whether the claimant continues to be medically eligible for services under the Aged/Disabled Waiver (HCB) Program.

V. APPLICABLE POLICY:

Aged/Disabled Home and Community Based Services Manual §570- 570.1

VI. LISTING OF DOCUMENTARY EVIDENCE ADMITTED:

E-1- A/D Waiver Manual §560- 570.c

E-2- WVMI Independent Review (PAS), 12/1/05

E-3- Notification 12/8/05 (Potential Denial)

E-4- Notification, 1/9/06 (Termination)

E-5- Additional information submitted by ██████████ and received by BoSS 12/15/05

VII. FINDINGS OF FACT:

1) The claimant's A/D Waiver case was due for an annual review and a WVMI Independent Review (E-2) was completed by the WVMI on December 1, 2005.

2) WVMI determined that the claimant was no longer medically eligible for Waiver services and a notification of potential closure was mailed by the agency December 8, 2005.

3) The agency mailed a notification of termination to the claimant January 9, 2006.

4) A hearing request dated January 13, 2006 was received by the Bureau for Medical Services (BMS) January 18, 2006 and by this examiner February 15, 2006. A hearing was convened May 11, 2006

5) During the hearing, exhibits as noted in Section VI above were accepted.

6) Testimony was heard from the parties listed in section III above. All persons giving testimony were placed under oath.

7) On the basis of the medical evaluation completed December 1, 2005 and testimony of the WVMI RN who completed the assessment, 3 qualifying deficits were acknowledged- eating, bathing and grooming.

8) Sworn testimony on behalf of the claimant reveals that the client wears continence pads all the time and dribbles urine continuously never actually making it to the toilet without some degree of voiding. Her Dr. characterized her condition as incontinent. Her walking was characterized as “shuffling”. She must rest after 4-5 steps in her walker and uses her wheelchair as much as possible in the home.

9) The Aged/Disabled Home and Community Based Services Manual § 580.2.b states in part: All clients must be evaluated at least annually in order to confirm their medical eligibility for continued services and to establish the LOC (level of Care) they require.

10) The Aged/Disabled Home and Community Based Services Manual § 570 reveals that individuals medically eligible for the ADW program must meet the same criteria as those medically eligible for a nursing facility level of care.

11) The Aged/Disabled Home and Community Based Services Manual § 570.1.b. Medical Criteria: An individual must have five deficits on the PAS to qualify medically for the ADW Program. These deficits are derived from a combination of assessment elements on the medical evaluation- Decubitus - Stage 3 or 4; ability to vacate a building*; functional abilities of individual in the home – eating (*physical assistance to get nourishment, not preparation*) bathing, grooming, dressing (all Level 2 or higher - physical assistance or more), continence* (Level 3 or more- must be total incontinent; orientation, transferring, walking, wheeling* (all Level 3 or higher- personal assistance); skilled needs; ability to self-medicate*.

* Vacating a building- a person is physically unable at all times at Level 3 or higher in walking or mentally incapable of leaving the building at Level 3 or higher in orientation with a diagnosis of dementia, Alzheimer’s, or related conditions

* Incontinence- defined as when the recipient has no control of bowel or bladder functions at any time.

* Wheeling- must be Level 3 or 4 on walking in the home to use Level 3 or 4 for wheeling in the home. Do not count outside the home.

* Ability to self medicate-A person is incapable of self medicating if the prescription medication must be placed in the recipient’s hand, mouth, tube or eye by someone other than the recipient at all times.

VIII. CONCLUSIONS OF LAW:

1) Policy relating to the Aged/Disabled Home and Community Based Services program directs that individuals medically eligible for the ADW program must meet the same criteria as those medically eligible for a nursing facility level of care. Continuing eligibility is determined based on an assessment of the individual’s functional ability in a number of designated elements pertaining to the activities of daily living. Evidence reveals that such an evaluation was completed by the West Virginia Medical Institute on November 9, 2005.

This evaluation found 3 qualifying deficits in the categories of eating, bathing, and grooming.

2) Deficits are derived from a combination of the aforementioned assessment elements (VII #12). In order to determine a qualifying deficit in the category of *walking* it must be shown that the recipient requires physical (at least 1 person) assistance to walk. Evidence reveals that while the claimant's walking ability is limited to short distances, she is able walk with an assistive devise and uses a wheelchair independently. Evidence **fails** to establish a qualifying deficit in **Walking**.

3) In order to determine a qualifying deficit in the category of *continence* it must be shown that the recipient has no control of bowel or bladder functions at any time. Evidence reveals that she constantly dribbles urine even while making it to the bathroom. She wears continence on a continuous basis. Evidence establishes a qualifying deficit in **Continence**.

4) Policy provides that an individual must have a minimum of five deficits to qualify medically for the ADW Program. The agency credited the claimant with 3 deficits – eating, bathing and grooming. Evidence offered during the hearing established only 1 additional qualifying deficit- continence for a total of 4. The 5 deficit threshold was not met.

IX. DECISION:

The agency's determination as set forth in the January 9, 2006 notification is **upheld**.
