Phases of FFT Implementation and Certification

Functional Family Therapy (FFT) is committed to the highest standards of training, consultation, and service. Our experience in national dissemination has given us the opportunity to work with a wide range of diverse communities, service delivery systems, and social service agencies. FFT trains and certifies groups of 3-8 therapists. We ask potential sites to begin by completing the application for site certification (available at www.fftllc.com). Through a mutual commitment to the training process and to developing adherence and competence in the FFT model, the following implementation process has proven highly successful in community replication of FFT.

Functional Family Therapy Site Certification is a 3-phase process.

**Phase 1—Clinical Training:** The initial goal of the first phase of FFT implementation is to impact the service delivery context so that the local FFT program builds a lasting infrastructure that supports clinicians to take maximum advantage of FFT training/consultation. By the end of Phase I, FFT’s objective is for local clinicians to demonstrate strong adherence and high competence in the FFT model. Assessment of adherence and competence is based on data gathered through the web based Clinical Services System and at FFT weekly consultations and phase one FFT training activities. The goal is for Phase One be completed in one year, and not last longer than 18 months. Periodically during Phase I, FFT personnel provide the site feedback to identify progress toward Phase I implementation goals. By the eighth month of implementation, FFT will begin discussions to identify steps toward starting Phase 2 of the Site Certification process, including likely candidates at the site to be trained as an FFT on-site supervisor. If sites are unable to achieve minimum caseloads of 5-7 families per therapist by the first month and a half of training, then phase one may be delayed, necessitating additional training and costs.

**Phase II—Supervision Training:** The goal of the second phase of FFT implementation is to assist the site in creating greater self-sufficiency in FFT, while also maintain and enhancing site adherence/competence in the FFT model. Primary in this phase is developing competent on-site FFT supervision. During Phase II, FFT trains a site’s extern to become the site supervisor. This person attends two 2-day supervisor trainings, and then is supported by FFT through monthly phone consultation and the web-based FFT supervision assessment system. FFT provides one 1-day on-site training during Phase II. In addition, FFT provides any on-going consultation as necessary and reviews the site’s FFT CSS database to measure site/therapist
adherence, service delivery trends, and outcomes. Phase II is a yearlong process.

**Phase III and On Going Partnership:** The goal of the third phase of FFT implementation is to move into a partnering relationship to assure on-going model fidelity, as well as impacting issues of staff development, interagency linking, and program expansion. FFT reviews the CSS database for site/therapist adherence, service delivery trends, and client outcomes and provides a one-day on-site training for continuing education in FFT. Therapists and supervisors maintain case, outcome and adherence tracking in the FFT CSS system. Phase III requirements are renewed annually, and their base of oversight and consultation is considered necessary for a FFT site to remain certified.

FFT sites are responsible for training/consultation fees as reflected in schedules below. The site is also responsible for costs to provide appropriate computer access to run the CSS and for costs related to administering the OQ™45.2, YOQ™2.01 and YOQSR™ (see the Application for Site Certification for details). The site is responsible for expenses for on-site training and for expenses for their staff to attend Externship off site.

**PHASE 1 of FFT Site Certification includes the following training activities and services:**

**ONE DAY On-Site IMPLEMENTATION/ASSESSMENT TRAINING**
This initial visit covers implementation issues for both administration and staff. It includes: a 2-hour overview of best practices and the FFT clinical model for referral agents, stakeholders, funders, and agency staff. Additional time is spent in addressing site-specific implementation challenges (i.e.— referral criteria, referral process, integration of services, working w/ referral agents, supervision, computers etc.). The identified FFT team of clinicians is trained in the FFT Clinical Service System, including use of FFT software and assessment protocols.

**TWO DAY On-Site CLINICAL TRAINING:**
This on-site introduction covers the core constructs, phases, assessment and intervention techniques of FFT. Didactic materials include handouts and videotape examples.

**ONGOING TELEPHONE CONSULTATION**
Each team receives group telephone consultation one hour per week. Supervision focuses particularly on individual cases and model adherence.

**TWO-DAY On-Site FOLLOW-UPS: (Three Total per site)**
The three on-site follow-up training sessions, each of two days in duration, represent more specific focus on phases and implementation issues and processes.
CLINICAL SERVICES SYSTEMS (CSS)
The clinical services system represents a web-based application developed and provided by FFT to support and guide therapists in organizing and adhering to the model. The system includes progress notes, assessment instruments, and a reports section that identifies family changes and outcomes.

TWO DAY On-Site FFT 2\textsuperscript{nd} CLINICAL TEAM TRAINING (approximately month six)
The entire FFT Clinical Team takes part in a 2 day on site additional team training in the FFT model with a certified FFT Clinical Trainer.

IMPLEMENTATION AND CONSULTING
Implementation and consulting services are directed at helping sites implement FFT in their local area.

EXTERNSHIP
This intensive, hands on, training experience with actual clients includes supervision from behind the mirrored window. The externship consists of three separate training experiences for three consecutive months. The clinical expected to be trained in Phase Two as the on-site FFT supervisor typically attends this training.

TOTAL $36,000.00**

**These costs do not include airfare, lodging, meals, rental cars, cabs; any expenses related to the trainers, supervisors or externs travel. Fees do not include assessment or local computer requirements for CSS. Costs are subject to periodic change.

FFT Phase 1 Estimated Travel Costs

ONE DAY IMPLEMENTATION/CSS-ASSESSMENT TRAINING
\begin{itemize}
  \item R/T Airfare $600.00
  \item Lodging (2 nights @ 110.00 per night) $110.00
  \item Local Transportation (2 day) $75.00
  \item Meals (per-diem) 1 training days $42.00
  \item Parking (Trainer parking at home airport-2 days) $40.00
\end{itemize}
Sub Total $867.00

TWO DAY CLINICAL TRAINING:
\begin{itemize}
  \item R/T Airfare $600.00
  \item Lodging (2 nights @ 110.00 per night) $220.00
  \item Local Transportation (3 days) $150.00
  \item Meals (per-diem) 2 training days $84.00
\end{itemize}

2-DAY FOLLOW-UP TRAINING (3 in year one)

- R/T Airfare (fr. Nat’l Consultant home x 3)  | $1500.00 |
- Lodging (6 nights 110.00 per night)            | $660.00  |
- Local Transportation (6 days)                   | $450.00  |
- Meals (per-diem) 2 training days x 3 = 6 days total | $252.00  |
- Parking (Trainer parking at home airport)       | $100.00  |

Sub Total                                                  $2962.00

EXTERNSHIP

- Airfare                                                    $1500.00 |
- Lodging (8 nights 110.00 per night)                       $880.00  |
- Meals                                                      $336.00  |

Sub Total                                                  $2716.00

TWO DAY ON SITE 2\textsuperscript{nd} CLINICAL TRAINING

- Airfare                                                    $600.00  |
- Lodging (Two nights at 111.00 per night)                  $220.00  |
- Local Transportation (3 days)                             $150.00  |
- Meals                                                      $84.00   |
- Parking                                                   $60.00   |

$1114.00

Estimated Travel Total                                    $8,773.00

PHASE 2 of FFT Site Certification includes the following training activities and services:

**FFT SUPERVISOR EXTERNSHIP TRAINING**

This intensive, hands on, training experience focuses on clinical supervision techniques for FFT on-site clinical supervisors who have met criteria of caseload, completion phase one FFT training, education as part of an FFT certified site. Training consists of 2 separate visits for two days each to an off site location.

**ON-SITE FFT SUPERVISOR PHONE CONSULTATION**

Two times per month for one hour each, on-site FFT supervisors receive phone consultation to assist in providing the certified site clinical consultation on cases and ongoing focus on the FFT model.

**ON-SITE ONE-DAY ON-SITE FOLLOW-UP TRAINING:**
Depending on geographic location of the site, FFT will either come on site to consult on site supervision or will provide an off-site regionalized follow-up training for the certified site’s FFT supervisor.

SUPERVISOR and THERAPIST ACCESS TO THE FFT CLINICAL SERVICES SYSTEM
Supervisors are given access to adherence – competency measures in the FFT CSS web-based system. Therapists are provided ongoing access to the CSS system.

TOTAL $18,000.00**

Phase 3 and On-going FFT Site Certification includes the following annual training activities and services:

ON-SITE ONE-DAY VISIT or REGIONAL SUPERVISOR FOLLOW-UP TRAINING:
Depending on geographic location of the site, FFT will either come on site to consult on site supervision or will provide an off-site regionalized follow-up training for the certified site’s FFT supervisor.

MONTHLY HOUR LONG PHONE CONSULTATION WITH THE LOCAL FFT SUPERVISOR

SUPERVISOR and THERAPIST ACCESS TO THE FFT CLINICAL SERVICES SYSTEM
Supervisors are given access to adherence – competency measures in the FFT CSS web-based system. Therapists are provided ongoing access to the CSS system.

TOTAL $7,000.00**

**These costs do not include airfare, lodging, meals, rental cars, cabs; any expenses related to the trainers, supervisors or externs travel. Fees do not include assessment or local computer requirements for CSS. Costs are subject to periodic change.
FFT Phase 2 Estimated Travel Costs

SITE SUPERVISOR TRAINING / TWO 2-DAY TRAININGS AT OFF SITE LOCATION
Airfare ($500 x 2) $1000.00
Lodging (4 nights at $100.00 night) $400.00
Meals $168.00
Parking $50.00

ONE DAY ON-SITE OR OFF-SITE TRAINING
Airfare $500.00
Meals $42.00
Parking $10.00
Lodging (one night) $100.00

Estimated Total $2270.00

FFT Phase 3 Estimated Travel Costs

ONE DAY ON-SITE OR OFF-SITE TRAINING
Airfare $500.00
Meals $42.00
Parking $10.00
Lodging (one night) $100.00

Estimated Total $652.00

FFT Computer Requirements for the CSS System

Individual and program level outcomes are tracked through the FFT Clinical Services Systems (CSS). The FFT-CSS is a web-based application that supports and guides therapists and supervisors to organize around and adhere to the FFT model. Sites must provide each FFT therapist with on-going computer and internet access (Internet Explorer 6.0 or above) so they can use progress notes and the other assessment instruments that are utilized during the course of an FFT intervention.

For additional information contact the FFT Communications Manager at 206-369-5894.
Other FFT Possible Implementation Needs

If a site has a need to either replace a therapist or add a new therapist to their team the new hire will need to attend a Replacement Training Series. These series begin each month and are held in central locations. They include a 2.5 day Clinical Training followed in a month by a 2 day Follow Up training and then a month after that there will be a 2+ hour conference call with the training group. A new hire is expected to attend all three of these events to be considered fully trained. The cost for this series is $1,600/participant (not including the travel costs to the 2 training events).

If a site chooses to send more than one person through the Externship Process (see description in Phase One), the cost for anyone above and beyond the first attendee is $3,500 (not including travel costs).

Sites should have access to a good quality speakerphone for conducting weekly/biweekly clinical consultation.

Sites may want to consider a provision for therapist transportation and cellular phone if home-based FFT services are being conducted.

Ample meeting space for conducting family therapy if conducting FFT in an office/clinical setting.

Clinical Assessments Used with FFT

During the course of Functional Family Therapy, therapists administer a number of different assessments both pre- and post-therapy to various family members who are participating in FFT. While many of the assessments have been developed by FFT, we also utilize three specific instruments that sites must purchase and have on-site prior to the beginning of site certification training. Assessments are: the OQ-45.2, the Y-OQ2.01 and YOQ SR. FFT therapists will administer these assessments to all families as described during on-site CSS training and in the FFT/CSS Manual.

Assessment Ordering Information

OQ-45.2 and two YOQ instruments— FFT sites should only order the paper version of these assessments, see info below.

Their phone is 1-888-MHSCORE = 1-888-647-2673 (they will answer as OQ Measures), or you can e-mail them at: office@oqmeasures.com, or find order forms for the paper & pencil products at www.oqfamily.com. You can also write to them at:
