

# WV STARS

**Effective July 1, 2017**

## **WV State Training and Registry System!**

**As of July 1, 2017 WVBTT Trainings  
will only be available through the  
WV State Training Registry System**

The July training calendar is now available at:  
<http://wvstars.org/>

You must be registered to access and participate in  
WVBTT trainings which are now a part of the  
WV State Training and Registry System (WVSTARS)

Please visit  
<http://wvstars.org/>.  
To register today!

WVSTARS is a collaborative effort across WV early childhood programs to implement a comprehensive continuum of specialized training and career mobility for all early care and education professionals. The mission of WVSTARS is to improve the quality of care and education for young children and their families by enhancing the skills and career opportunities of all those who care for and educate our youngest citizens.

Through the Registry System, providers will:

- Have access to a training profile established for you – the profile provides a transcript of all professional development activities you have completed and houses copies of training certificates for STARS sessions attended
- Have access to high quality early childhood training opportunities from credentialed early childhood trainers - you will find those opportunities listed on the STARS Training Calendar
- Have access to on-line Blackboard courses as they become available

To register with WV STARS, please visit <http://www.wvstars.org>

Should you have any questions specific to the WVSTARS application process, please contact the WV STARS Office at 855-822-7827.
