Dear Provider:

The above referenced patient is receiving services through the Right From The Start Program. A questionnaire from the Ages and Stages Questionnaire’s Third Edition (ASQ-3) or an Ages and Stages Social Emotional Questionnaire (ASQ:SE) was recently completed for your patient and a copy is enclosed.

___ ASQ-3 completed by caregiver at 12 months of age

___ ASQ-3 completed by caregiver at 9 months of age

___ ASQ:SE completed by caregiver at 6 months of age

The ASQ-3 is a developmental screening and monitoring system designed for children from birth through age 5. The ASQ:SE is a parent-completed, child monitoring system for social-emotional behaviors. More information on the use of ASQ-3 and ASQ:SE in a medical setting can be found at www.agesandstages.com.

Sincerely,

Regional Care Coordinator
